Family Discount Form

Family Discount Eligibility

A 10% discount is applied to all students enrolled and financially cleared, who have a sibling, parent, or spouse currently enrolled and financially cleared. The family scholarship is 10% of the student's semester charges and is subject to review by Student Accounts. This information must also be consistent with the information received on the FAFSA form. If any inconsistency exists, the student will not be eligible for the Family Discount.

Once awarded, both students' financial clearance must be confirmed before funds will post to either student's account. If a family member is not financially cleared then the family discount will be removed from both accounts.
