AUTHORITY FOR THE HANDBOOK

The Johnson C. Smith University Student Handbook specifies the general rules, regulations, policies, and procedures which govern student life at the University and within the campus community.

It also defines the structure within which organized student life is carried on and the means by which students may achieve the fullest realization of the University’s resources and facilities.

As an official document of JCSU, the Student Handbook derives its authority from the institution’s Catalog, which is the official document setting forth the University’s programs, policies, regulations, and procedures.

This document represents a part of the student’s obligation to the University. It does not purport to fully address all policies, procedures, and regulations for every area of the University.

Therefore, the Student Handbook must be used as a companion document to the University Catalog and other published regulations and guidelines issued by various University offices and programs.

The rules and regulations in the JCSU Catalog will supersede any inconsistent rules and regulations published in other sources.

The dynamic nature of the University brings about a concomitant review and revision of practices, policies, and procedures as they relate to institutional mission and purpose.

Hence, the Student Handbook undergoes revision to reflect these changes.

As such modifications are made in policies, procedures, and regulations, whether academic or disciplinary, amendments to the Student Handbook may, as appropriate, be published as addenda.

Students will be informed of such revisions and, after such notice, the amended rules will apply to all current students.

As this Handbook and other materials are part of the contract the student has with the University, students are encouraged to read these materials to familiarize themselves with their contractual obligations.

The student, on admission, is obligating himself or herself to submit to governance by the reasonable rules and regulations contained in these documents.

JCSU reserves the right to revise this Student Handbook as it deems necessary.

Such revisions, whether academic or disciplinary, will, with notice, apply to all current students.

Also, by virtue of their relationship with the University, students are to comport themselves in accordance with the Standards of Conduct of all time, whether on or off the campus, for as long as they maintain their relationship as a student of JCSU.

Therefore, acts committed off-campus that are detrimental to the interests and reputation of the University, will subject the student to University judicial action the same as if they had been committed on campus.

An Equal Opportunity Institution.

LETTER FROM THE PRESIDENT

Greeting Smithites:

It is with great pride and excitement that I welcome you, the Class of 2020, to Johnson C. Smith University!

I know that each one of you has worked hard to earn your high school diploma and become a student at our University.

I commend you for the dedication and diligence you have shown in expanding your horizons and taking this initial step in reaching your full potential.

Although no one can predict the future, everyone tries, and some people even make a living from it, calling themselves pundits and experts.

So it would be intellectually dishonest for me to pretend I know the specifics of the kind of world you will be facing when you graduate from JCSU.

But I can tell you this: what got you here won't get you through here. For the world you enter with your college degree will be one where the competition for jobs will be international in scope, and education will be a major delineation separating the haves from the have-nots. It will be a world where technology will be constantly changing the way things are done, as well as the job requirements for doing them.

So for you to succeed and thrive in such a world, our goal at JCSU is to transform you into one of the "new untouchables."

That is, to give you, in the words of NY Times columnist Thomas Friedman, who coined the phrase: "the ability to imagine new services, new opportunities and new ways to recruit work."

We are committed to providing you with a firm foundation in reading, writing, public speaking and math, along with the ability to think critically, creatively, innovatively, and entrepreneurially so you will be able to survive whatever the flat interconnected global economy throws at you.

You will be "untouched" by the ups and downs of the marketplace and be impervious to economic cycles.

We at JCSU are also committed to reinforcing in you a strong work ethic and a sense of professionalism and decorum. These traits are just as important as your knowledge and ability to think clearly and creatively.

We will accomplish all this by living our brand promise: to be an independent, close-knit urban university with a growing national reputation for integrating the liberal arts with business, the sciences, and technology in innovative, socially-conscious ways to empower tomorrow’s diverse entrepreneurial citizens and leaders.

During your stay at JCSU, I urge you to take advantage of every program and offering that can help you grow at your leading edge to truly become yourself and change our world.

All of us - professors, staff, counselors, administrators are here to help you. We want you to see challenges and solve them, see what needs to done and come
through to do it. To not just break the mold, but smash it so you can mold the world. This is the Smith Way.

In other words, do not dream small. There is no mold good enough for our heritage, our people, and our future.

As a member of the JCSU family and part of its proud history, you will always have a home here. Striving to live and learn at your outer limits is a risky business. No one can do it alone.

We at JCSU are here to support and encourage you on your journey.

Godspeed,

Ronald L. Carter, Ph.D.
President
LETTER FROM THE SGA PRESIDENT

Dear Smithites,

On behalf of the Student Government Association, I welcome you to your new home, Johnson C. Smith University. As you enter this new chapter in your life you should expect to be overwhelmed with emotions. Every day that you enter through the gates of Johnson C. Smith University be sure to embrace and live-out every experience. Remember your growth will evolve over time.

At JCSU, we are a family oriented campus who is passionate about enhancing the human brain as well as having fun. Throughout your matriculation, you will encounter faculty, staff, community leaders, and of course peers that will guide you along your journey. I cannot say that your experience will be easy; however, it will be beneficial in the end. Take this time to understand and develop into your true self. There is a wealth of resources available to you; be sure to utilize each one. Here is your first piece of advice: Relationships are a key factor at JCSU and in life general.

The full college experience encompasses more than what you learn in the classroom. The campus offers an abundant of organizations and student engagement opportunities. I strongly encourage you to join an organization and get engaged on campus. The decisions you make now can shape your future, so choose wisely.

Remember the goal is to succeed and never lose focus of your dreams and aspirations while you are at Johnson C. Smith University. Hold high the Gold and Blue and show the world what JC..... SU is all about.

We the Student Government Association are glad that you’re a part of the Golden Bull family!

Sincerely,

D’Andre Carter
2017-2018 Student Government Association President
GENERAL INFORMATION

HISTORY

1867 In 1867, Rev. S.C. Alexander and Rev. W. L. Miller saw the need to establish an educational institution in this region of the South. On April 7, at a meeting of the Catawba Presbytery in the old Charlotte Presbyterian Church, the school was formally inaugurated, which, by charter, was named The Freedmen’s College of North Carolina. The two ministers were elected teachers.

1867-1876 Mary D. Biddle of Philadelphia, Pa. through appeals in a church paper, pledged $1,400 to the newly-established school. In appreciation of this first and generous contribution, friends requested Mrs. Biddle name the college after her late husband, Major Henry Biddle. From 1867 to 1876, the school was named Biddle Memorial Institute and chartered by the state legislature.

1876 Charlotte citizen Colonel W. R. Myers donated the first eight acres of land for the school. The school charter was changed by the North Carolina Legislature, and the name became Biddle University.

1883 A new building was erected to serve as the main administrative building for the University. Built by former slaves during evening hours by candlelight, it featured recitation rooms and a 600-seat audience chamber. It still stands today as Biddle Memorial Hall and houses the Office of the President.

1892 The first African-American intercollegiate football game was played between Biddle University and Livingstone College in December in Salisbury, N.C. The Golden Bulls won that first game, which is now an annual tradition called the Commemorative Classic.

1919 Biddle University became the first Black college in the South to offer professional courses in education.

1921-1922 Jane Berry Smith, of Pittsburgh, Pa., donated funds to build a theological dormitory, science hall, teachers’ cottage, and memorial gate, plus provided an endowment for the institution in memory of her late husband, Johnson C. Smith. In recognition of these gifts, the Board of Trustees changed the name of the institution to Johnson C. Smith University.

1924 JCSU was recognized as a four-year college by the North Carolina State Board of Education. The University was further strengthened by a substantial provision from James B. Duke.

1924 James B. Duke established the Duke Endowment, which named JCSU as one of four beneficiaries in the area of higher education.

1938 JCSU attained the status of an independent college affiliated with the Presbyterian Church, reporting to the N.C. General Assembly through the Board of Christian Education.

1941 Women were admitted to the freshman class for the first time.

1944 JCSU joined the United Negro College Fund as a founding member.

1965 The Mary Joyce Taylor Crisp Memorial Student Union was built.

1967 JCSU celebrated its 100th anniversary. During this historic centennial occasion, the University examined its past and made innovative plans for the future.
The Robert L. Albright Honors College Center was built to recruit outstanding students who have the academic, social, and service commitments to function as leaders and role models on campus and in their communities.

Dr. Dorothy Cowser Yancy became the first female president of JCSU. The Service Learning Center was established as a model program in the Southern region to instill strong values of service to the community and create a well-balanced education for JCSU graduates.

JCSU received a $1-million gift from Irwin Belk, a prominent Charlotte businessman. At the time, it was the largest gift from a living individual in the school’s history.

The Technology Center was established, featuring a state-of-the-art video teleconferencing auditorium center and nine state-of-the-art labs.

JCSU gained national recognition when it launched the IBM Laptop Initiative, known as ThinkPad U. JCSU became one of the few colleges in the country, and the first Historically Black College and University (HBCU), to provide an IBM laptop computer to every student.

The Duke Endowment awarded JCSU $3.9 million. That same year, the University was named one of the ‘Top 50 Most Wired Small Colleges’ by Yahoo Magazine.

The Irwin Belk Complex, a state-of-the-art academic and sports facility, was built.

The Corporate Alliance Program was established as a relationship builder to align corporate interests with University goals and objectives.

The 1867 Giving Societies was established to honor the University’s most generous benefactors.

Dr. Ronald L. Carter became the 13th president of JCSU.

The Duke Endowment awarded JCSU $5.7 million, the largest single gift in the school’s history, to fund two new programs: the Center for Applied Leadership and Community Development, and the Metropolitan College. In the first phase of a campus-wide improvement program, the Mary Joyce Taylor Crisp Memorial Student Union was renovated, and ground was broken on the JCSU Arts Factory, an innovative teaching and performance facility for students majoring in visual and performing arts.

The JCSU Arts Factory opened its doors for students and the Charlotte community. Ground was broken on Mosaic Village, a mixed-use development featuring living and retail space, as well as on the renovation of the George E. Davis House, a historic landmark that will become headquarters of the Foster Village Network Center. The Duke Endowment awarded a $35 million grant to the University to support science programs, scholarships, and capital improvements on campus. It was one of the largest gifts ever given to a HBCU.

“Passing Through Light,” a new work of public art using LED technology and located at the I-77 and West Trade Street underpass, makes its debut. The public art serves as a visual and dynamic gateway for vehicles and pedestrians as they enter and exit the city of Charlotte’s Historic West End. JCSU, in collaboration with the Congressional Black Caucus Institute, hosted "UFUTURE: A Summit for Innovative Young Thinkers.” The summit attracted high-profile politicians and celebrities to JCSU as the event amplified the voice of more than 300 students from 20 regional colleges and universities. JCSU’s Mosaic Village opens in the historic West End as the latest sign of revitalization in the Northwest.

JCSU HISTORY

The Thirteenth Amendment and the end of the Civil War brought freedom to approximately four million enslaved African-Americans throughout the South. What they gained in liberty, newly freedmen still lacked in opportunity. With no education, no property, and no jobs immediately available, freedmen faced as great a struggle for prosperity after emancipation as they did before. To help ease their transition from slavery to freedom, the Reverend S. C. Alexander and the Reverend W. L. Miller of the Catawba Presbytery sought to establish an educational institution for freedmen in the piedmont region of North and South Carolina. On April 7, 1867, at a meeting in the old Charlotte Presbyterian Church, formerly located at the corner of D and Fourth Streets in Charlotte, North Carolina, the Presbytery agreed upon a plan for such a school and chose Alexander and Miller as the school’s first professors.

News of the Presbytery’s efforts soon reached a devout churchwoman of Philadelphia, Pennsylvania, Mrs. Mary D. Biddle, who promptly pledged $1,400 to the new school. In appreciation for her generous contribution, the newly established school was named for her late husband, Major Henry Biddle, who was wounded at the Battle of New Market in June 1862 and died a month later. The school was officially chartered by the state as the Henry J. Biddle Memorial Institute and the first classes were held on May 1, 1867. Along with the Colored Presbyterian Church of Charlotte, Biddle Memorial Institute was housed in a building on C Street in Charlotte which had been donated to the institution by the Freedmen’s Bureau. Still searching for a permanent home, Biddle Memorial Institute secured a donation of eight acres of land from a wealthy Charlottian, Colonel W. R. Myers. Soon after moving to the Myers site, the charter was changed in 1876 by the North Carolina State Legislature from Biddle Memorial Institute to Biddle University. The institution operated under this name until 1923. Other successes were achieved outside the classroom. In 1892, Biddle University played its first intercollegiate football game against Livingstone College. The Golden Bulls won victory that year, and the two teams have played every year since in what is known today as the Commemorative Classic.

During and after Reconstruction, Biddle University grew as it benefitted from personal generosity and government support. Using the Freedmen’s Bureau as an intermediary, Mrs. Biddle donated an additional $10,000 to erect a main education building and two professor’s houses on the Myers site. Those buildings were completed in 1868. Between 1921 and 1928, Mrs. Mary Berry Smith of Pittsburgh, Pennsylvania, provided funds for the erection of a theological dormitory, a science hall, a teachers’ cottage, and a memorial gate. She contributed also an impressive endowment for the institution in memory of her late husband, Mr. Johnson C. Smith. In recognition of these many generous gifts, the Board of Trustees voted to change the name of the institution to Johnson C. Smith University. Thus, the charter of the school was amended on March 1, 1923, by the North Carolina State Legislature. Before her death in October 1929, Mrs. Smith donated even more money for the erection of five more buildings, including a church.

In 1924, Johnson C. Smith University was made more stable and prosperous as a result of a tremendous gift from James B. Duke, a wealthy and magnanimous businessman of Somerville, New Jersey. Duke, who also had a home in Charlotte and who had made a tremendous amount of money in the tobacco industry, had previously been contacted several years earlier by the president of the JCSU, Dr. H. L. McCrorey, for a contribution to the young school. Although Duke did not respond to McCrorey’s letter, when the Duke Endowment was established on December 11, 1924, Johnson C. Smith University was named as one of the four educational beneficiaries alongside Duke University, Davidson
College, and Furman University. This provided the University with immediate and long-term financial resources from which to draw. Through the years, the Duke Endowment has been of tremendous value to the continued development of the University.

The University underwent considerable demographic and financial changes in the decades before and after World War II. In 1924, the institution was recognized by the North Carolina State Board of Education as a four-year college. Five years later, the high school department was discontinued, and the standard educational program was restricted to a college of liberal arts and sciences and a theology department. In 1932, the University’s charter was amended to provide for the admission of women to the senior division. The institution attained the status of an independent college, affiliated with the Presbyterian Church in the United States of America and reporting to the General Assembly through the Board of Christian Education in 1938. By the time the Diamond Jubilee was celebrated in 1942, the University was a fully residential, coeducational institution. Two years later, Johnson C. Smith University joined the College Fund/United Negro College Fund (UNCF) as a founding member of that important institution. The Fund was organized to help church-related schools of higher learning to revamp their training program, to expand their physical plants, to promote faculty growth, and to create new areas of service.

With increasing support from the Duke Endowment, the UNCF, and other sources, the years between 1955 and 1968 brought significant physical and intellectual development to Johnson C. Smith University. In November 1955, the Henry Lawrence McCrorey Theological Hall was dedicated, providing a new home for the seminary and its library, space for a small chapel, classrooms, and offices. In 1969, the theology program was moved to Atlanta, Georgia, and became a part of the Interdenominational Theological Center. Seven new buildings were erected on the JCSU campus during this period as well: the Jack S. Brayboy Gymnasium (1960), the Hardy Liston Residence Hall for women (1962), the University Memorial Union (1965), the Duke Memorial Library (1967), Myers Residence Hall for men and Sanders Residence Hall for women (1967), and the Rufus P. Perry Science Building (1968). Since 1968, JCSU has added several more buildings including the Johnson/Seabrook Education Building, Carter Hall and Mary Irwin Belk Early Childhood Education Center (1976), Greenfield Hall (1985), the Lionel H. Newsom Humanities Building (1986), the Teaching and Learning Center (1988), the Robert L. Albright Honors College Center (1990), the Faculty Center (1991), the Edward E. Crutchfield, Jr. Center for Integrated Studies (1993), the New Res residence hall (1993), a Technology Center (1997) and the Irwin Belk Complex (2003). The addition of buildings symbolized the growth of the university and its continued success in educating young people.

As higher education became more competitive and more demanding in the 1980s, Johnson C. Smith University made efforts to enhance the academic curriculum and add special programs to attract and retain top students. The Teaching and Learning Center was established to provide academic support services to JCSU students and the Honors College aimed to recruit outstanding students who have the academic, social, and service commitments to function as leaders and role models on campus as well as in their communities. JCSU added the Service Learning Center in 1994 and it quickly became a model program in the southern region to instill strong values of service to the community and create a well-balanced education for JCSU graduates. Renovations and upgrades to the James B. Duke Library were completed in 1999 and after a campaign which raised more than $6.7 million JCSU renovated the historic Biddle Memorial Hall. Fortunately, generous donors continued to support Johnson C. Smith. JCSU received a $1 million gift from Irwin Belk, a prominent Charlotte businessman in 1996 and grants in excess of a million dollars
each from other institutions including the Lilly Foundation, the Department of Interior, the Duke Endowment and the Kresge Foundation. These funds allowed for the continued growth of JCSU.

In the 1990s, Johnson C. Smith University experienced a few important firsts. Dorothy Cowser Yancy became the first female president of JCSU in 1994. In 2000, JCSU launched the IBM Laptop Initiative, becoming one of few colleges in the country and the first Historically Black College or University (HBCU) to provide an IBM laptop computer to every student. At the end of the first decade of the new millennium, JCSU launched the Metropolitan College to offer undergraduate adult degree programs to enhance their opportunities for career advancement and success. These advances among others prompted Yahoo to name JCSU as one of the “Top 50 Most Wired Small Colleges” in 2002.

Following Dr. Yancy’s retirement, Dr. Ronald L. Carter became the Thirteenth President of Johnson C. Smith University in 2008. Under his leadership, JCSU has since taken major steps toward becoming Charlotte’s Premier Independent Urban University. Dr. Carter’s vision of a diverse and bright future for JCSU includes a number of academic initiatives and physical upgrades. A $5.7 million gift from the Duke Endowment funded not only the Metropolitan College but also the new Center for Applied Leadership and Community Development. Aided by a generous donation by Mr. Larry Griffin, Sr., Johnson C. Smith University opened the Arts Factory building on Beatties Ford Road as the home for JCSU’s new Visual and Performing Arts program. In addition to renovations to the Mary Joyce Taylor Crisp Memorial Student Union, the University in the summer of 2011 broke ground on the Mosaic Village, a four-story, mixed-use facility adjacent to the Arts Factory which will contain retail space, restaurants, and student housing. Groundbreaking on the new Wellness Center began later that same year.

From its humble beginnings on the grounds of old Charlotte Presbyterian Church, JCSU has grown to 100 acres of land on the highest point in Charlotte with more than 40 academic, service, and administrative buildings. As a result of the vision and commitment of past and present Boards of Trustees, presidents, administrators, faculty, and staff, Johnson C. Smith University is heralded as one of the best small colleges in the nation.
PURPOSE/MISSION STATEMENT

Founded in 1867 under the auspices of the Committee on Freedmen of the Presbyterian Church, Johnson C. Smith University is an independent, private, coeducational institution of higher learning. Located in the rapidly growing metropolis of Charlotte, North Carolina, known as the “Queen City,” this historically Black university has a residential campus with a familial atmosphere where students are stimulated and nurtured by dedicated, caring faculty and staff. TRADITIONS AT
JOHNSON C. SMITH UNIVERSITY

For some 148 years, traditions have developed as a way of commemorating the important role of the University in educating young men and women. They foster a sense of pride and community among those who matriculate.

In 1924, JCSU became the second Black institution in the state to be recognized as a standard four-year college by the North Carolina Board of Education.

It was the first Black college in the South to receive regional approval.

The first ‘Negro’ college football game ever played in this country was between Biddle University (later to be named Johnson C. Smith University) and Livingstone College on December 27, 1892, with Biddle University winning the game, 4-1. The game ball is housed in the JCSU Archives.

The game ball is currently housed in the JCSU Archives.

Homecoming is celebrated each fall by hundreds of alumni and former students. Some of the festivities include alumni meetings and gatherings, dances, the coronation of Mr. and Miss Johnson C. Smith University, pep rallies, Greek step shows, the Homecoming Football Game and tailgating, and the annual Homecoming Parade and Festival. Gold and Blue Day is traditionally celebrated on the Friday prior to the Homecoming game.

Bullfest is the annual spring fling, during which students at the University participate in a rich variety of cultural, social, and recreational activities.

Founders’ Day, generally celebrated in April, commemorates JCSU’s founding in 1867. In 1924, the University became the second Black institution in the state to be recognized as a standard four-year college by the North Carolina Board of Education. It is also the first Black college in the South to receive regional accreditation.

The school colors, Gold and Blue, were selected in 1895 by J. Henry Warren, Walter A. Middleton, and Thaddeus Jerome Coles, who had been commissioned to select two colors to be adopted by the University. The committee researched the meanings of many different colors so as to select the two most fitting.

Gold and Blue, which had been the favorites of Mr. Warren and Mr. Middleton, were determined to be the most appropriate.

The committee found both colors to represent truthfulness and loyalty.

After additional investigation, Mr. Middleton noted that gold depicted truthfulness and loyalty to an institution or organization, while blue represented truthfulness and loyalty to an individual.

Hence, the colors Gold and Blue were felt to symbolically bind students, alumni, and the University, and were readily adopted when the committee made its report to the faculty and students.

The colors were used for the first time on Easter Sunday in 1895 when they were displayed on every building on campus and in the rooms of boarding students.

On Easter Monday, the colors were displayed at a school baseball game, the University’s first off-campus athletic competition. Though not officially organized, the famous

ALMA MATER

(Loyalty Song)

The choice of an appropriate school song became a matter of controversy between students and alumni in the 1920’s.

Rev. O.W. Winkfield, a graduate of the class of 1911, proposed a college song which though considered having much merit, was not adopted by the school.

Another song, written by George Leonard Allen (JCSU class of 1925) of the Kendall Institute, Sumter, South Carolina was more warmly received.

It was reviewed by a professional critic, who noted, “It is a good cheer song for football games and the like, but it has no depth and is not fitted, in its present state, for a college song”.

The song was revised to achieve the desired depth and to reflect a coeducational student body.

It was adopted in 1924, and today it is sung at all formal University events in loyalty to Alma Mater.

I

To thee we’l e’er be true.
And in the light of truth and right
Hold high the Gold and Blue.
Refrain:
Proudly we hail thy name, our Alma Mater, Old S.U.
Johnson C. Smith, our own! Our hope, our guiding star, our light unfailing!
Pride of our loyal hearts, we’ll love and honor thee our whole life through.
On, ever on! dear old JCSU!

Fair Smith, where’er on earth we roam,
Send forth thy constant ray,
And let it beam with steadfast gleam

**HEALTH SERVICES**

The University maintains a healthcare service for the treatment of minor illnesses, accidents, and injuries. Health supervision and medical care are provided through Metrolina Internal Medicine. All students enrolled at the University may take advantage of services available through the Health Center.

The Health Center is located in the northwest wing of the Crisp Memorial Union. Hours of operation are 8:00 a.m. to 8:00 p.m. on Monday and Thursday, and on Tuesday, Wednesday, and Friday, 8:00 a.m. to 5:00 p.m. The Health Center is not open on weekends or during official University closings. A physical examination and current immunization record are required of all new students before they are permitted to enroll in the University. Also, former students who have not been enrolled for a period of one year or more will be required to submit a current health examination form before they will be allowed to register.

Individuals reporting to the Health Center for treatment may be given the initial doses of some medications or drugs. Prescriptions for subsequent drugs, medical needs, and
medication beyond the initial dose provided by the Health Center will be given to the student to be filled at his or her own expense.

Specialists are frequently needed for student illnesses and injuries that go beyond the treatment scope of the Health Center. In such cases, the Health Center staff will refer students to recommended specialists. The cost of the specialists’ services is the responsibility of the student and his or her parents. However, students are strongly urged to file insurance claims promptly.

Students are discouraged from seeking treatment for illness or follow-up treatment for accidents without having first been referred by the University physician or his/her designee, as student insurance will not pay for expenses incurred without the appropriate referral.

The University does provide student transportation to off-campus medical facilities. Ambulance services are used in cases of serious illness or injury. In case of non-life threatening illness or injury, a student may be provided with a cab voucher if no other personal methods of transportation is available.

Students in need of hospital care will be referred to a local hospital. The cost of hospitalization, likewise, is the responsibility of the student and his or her parents. Students are encouraged to notify their parents if hospitalized.

In the event of accident or sickness, the student should:

a. Report to the Student Health Center at once.

b. If away from school, consult a physician and notify the Student Health Center as soon as possible.

c. All claims for services rendered by outside physicians and health care providers must be sent to the Student Health Center for transmittal to the insurance company within 30 days of the date of accident or onset of sickness.

d. The student must fill out a claim form for each illness or accident. Bills cannot be submitted for payment without the completed claim form.

**STUDENT HEALTH INSURANCE**

Student accident and sickness insurance is part of the student health care program. All students are included in the insurance program at a nominal cost, which is included in the tuition fee. The insurance is provided as a supplement to the coverage available through the student’s family insurance plan. The program is not intended to be comprehensive or to replace the family’s responsibility for the student’s health care. The student and his or her parents are solely responsible for the cost of health care beyond that provided through the Health Center or covered under the student accident and sickness insurance.

A referral from the Health Center is required for outpatient care in order for the student to receive insurance coverage for these services. (See current health insurance brochure for additional details.)

**IMMUNIZATION**

North Carolina law requires that all new undergraduate students enrolling either for the first time or returning after some period other than the summer must show proof of having received required immunizations. Immunization records must be kept on file at the University. Students attending only night classes and/or off campus courses are exempt from this regulation. Students from North Carolina may obtain copies of their
immunization records from their high schools. If they meet minimum requirements of North Carolina law for students in grades K-12, they are acceptable for college entrance; however, verification of same is required by the University. Students who cannot show evidence of having received required immunizations will be withdrawn from the University in accordance with state law. Immunizations can be obtained from a private physician or local health department. Continuing and entering students who have not completed the required immunizations will not be permitted to register at the University.

In 2008, the immunization rules changed for college and university students in North Carolina regarding Tdap (tetanus, diphtheria, and pertussis) vaccine prior to entry plus two doses of mumps vaccine.

The law requirements are as follows:

a. Individuals attending colleges and universities are required to have three doses of Tdap, one of which must have been within the last 10 years.

b. Individuals enrolling in a college or university for the first time on or after July 1, 2008 must have had three doses of Tdap and a booster dose of the Tdap vaccine if one has not been administered within the last 10 years.

b. A dose of Tdap vaccine is not required for any student over 64 years of age.

a. A second dose of the mumps vaccine is to be administered before enrolling in a school, college, or university for the first time.

**RECORD OF IMMUNIZATION LAW**

Students enrolled in more than four credit hours and who are taking any classes which begin before 5 p.m. Monday through Friday, are required to provide valid documentation of immunization to be compliant with North Carolina State Law (NC G.S. § 130A-155.1; NC G.S. § 130A-152). The statute applies to all students except for students residing off-campus and registering for any combination of:

- Evening Courses
- Weekend Courses
- Online Courses
- No more than four-day credit hours in on-campus courses

If at any time the above student changes to: on-campus courses, course load more than four (4) credit hours, on – campus residence and/or enrollment in day-time courses, a Certificate of Immunization or record of immunization must be presented on or before the date the person first registers for the semester.

JCSU recommends, but does not require, that all new and transfer students receive the Meningococcal vaccine. Hepatitis B vaccines are required if the student is born after July 1, 1994. The University’s aim is to protect students against preventable diseases. All students taking prescribed medications must notify the Health Center at the start of each semester.

INTERNATIONAL STUDENTS AND/OR NON-US CITIZENS

Vaccines are required as previously noted; additionally, international students and non-U.S. citizen students are required to have a TB skin test (PPD or TST) that has been administered and read at an appropriate medical facility within 12 months prior to the first day of class (A chest X-ray is required if the test is positive).

ACQUIRED IMMUNODEFICIENCY SYNDROME (AIDS)

Acquired Immunodeficiency Syndrome (AIDS) and other illnesses associated with infection by the Human Immunodeficiency Virus (HIV) are world-wide threats to health. College students - as is everyone - are susceptible to contracting HIV or AIDS if they do not exercise proper precautions. Educational and informational programs are offered by the University to educate students about this pandemic and the ways they can protect themselves.

HIV, the virus that causes AIDS, is primarily contracted through:

1. Sexual contact, either anal or vaginal, with an infected person
2. Sharing needles with an infected individual for injectable drug use, tattooing; and ear and body piercing
3. Perinatal transfer of the virus from an infected mother to her unborn child
4. Direct contact with blood or other body fluids.
The intent of this policy is to ensure that individuals identified as having a positive antibody to HIV, HIV-related illness, or AIDS will not be discriminated against at JCSU. However, the University reserves the right to make necessary reasonable adjustments to practice policy without arbitrarily denying anyone’s rights in the interest of the safety and health of the University community.

It is important for the entire University community to be protected from unnecessary risks. Thus, proper protective measures and universal precautions will be adopted that are deemed reasonable and based upon the latest medical scientific research.

The University proposes to educate and communicate the most current information regarding HIV/AIDS to students, faculty, and staff through workshops, presentations, training sessions, and educational literature. The Counseling Center, the University Peer Educators, the Office of Residence Life, the Health Center, and the Health and Human Performance Department will assist in providing information on HIV and AIDS to the University community. If the needs of a person with AIDS or HIV exceed what the University can provide, he or she will be referred to an outside agency. The University will make HIV/AIDS hotline numbers available to persons who seek answers to ongoing questions. The number may be requested from the Division of Academic and Student Support Services, the University Health Center, or the Counseling Center.

The University has appointed a task force to address issues relating to HIV/AIDS. The task force will avoid adopting a blanket policy regarding individuals with HIV or AIDS, but will make recommendations to the administration on a case-by-case basis, applying the most current medical and legal information available on the issue.

Guidelines concerning the handling of confidential information and accommodations for students with AIDS or HIV infection will follow the general standards recommended by the Center for Disease Control and Prevention. University officials are aware that statutes protect all confidential medical information and that any unauthorized disclosure may create legal liability.

However, it is necessary under North Carolina law for attending physicians to notify the Department of Public Health of any new AIDS cases.

**ALCOHOL AND DRUG POLICY**

Johnson C. Smith University is a dry campus. This means that all JCSU students and their guests are prohibited from consuming or possessing alcoholic beverages on University-owned or controlled property. Violating this policy will result in a referral to the University’s Judicial System.

The University subscribes to a no-tolerance policy regarding drug possession that implicates the student in the sale or trafficking of illegal substances on campus. Should a student be found responsible under the Judicial System of violating this policy, they will be suspended from the University for a minimum period of one year. Expulsion is an option that the Office of Student Success can also utilize should the case warrant such a severe sanction.

**ALCOHOL AND OTHER DRUGS PREVENTION SERVICES**

Each year, college students experience the new world of independence, self-exploration, and building lifelong friendships.

Unfortunately, at many colleges and universities, the overwhelming impact of excessive use of alcohol and drugs is seen firsthand.
Research has shown an increase in the number of alcohol-related incidents, such as violence, vandalism, sexual aggression, and alcohol poisoning requiring hospitalizations. The following are potential warning signs that someone may be at risk for developing a drug or alcohol problem:

- Decline in academic performance
- Reports to class with a hangover or high
- Experiences headaches or has a hangover after drinking
- Frequently late to class or other scheduled appointments
- Makes excuses for poor performance or missing classes
- Frequently requests extensions or turns in work late or not at all
- Drastic changes in personality; frequent mood changes
- Boasting about their alcohol or other drug use; conversations are frequently about using
- Believes he/she cannot have fun without alcohol or other drugs
- Loss of motivation or energy
- Experiences frequent health problems
- Spends most of his/her money on drugs or alcohol
- Frequently passes out or suffers blackouts while drinking
- Changes in appearance
- Frequent problems with law enforcement or University authorities (e.g., University Campus Police, Judicial Board, and Residence Life)

**ALCOHOL AND OTHER DRUG SERVICES**

The Office of Counseling provides Alcohol and Other Drugs Services (AODS) to students enrolled at the University. AODS offers individual assessments, consultations, education programs, short-term intervention services, and community referrals. If long-term or intensive counseling services are needed, the counseling staff will assist in making referrals to external substance abuse treatment agencies.

The prevention goals of AODS include promoting campus-wide campaigns that challenge students to make healthy choices regarding their own behaviors, attitudes, and/or conflicts associated with the use, misuse, and abuse of alcohol and other drugs.

**EDUCATIONAL MATERIALS**

A wide variety of audio and written resources are available to students, faculty, and staff free of charge. These resources cover topics such as Drug and Alcohol Awareness, Healthy Relationships, College Transition, Mental Health, Conflict Resolution, and Sexually Transmitted Diseases. We encourage you to visit our office for more information.
RESIDENCE LIFE

POLICIES AND PROCEDURES

Housing for students is provided in University-operated student residence halls. An individual must be admitted to the University and pay the $100 non-refundable matriculation fee before an application for housing will be accepted. The housing application must be filed each year. It is accompanied by the Student Housing Agreement, which should be read carefully in its entirety before the student signs the housing contract. Acceptance of a housing assignment constitutes a student’s agreement to the terms and conditions accompanying the assignment. Failure to comply with such terms and conditions and other regulations as promulgated and announced by the University may result in loss of housing.

The application for housing must be accompanied by a non-refundable $150 room reservation fee. This agreement is binding for the entire academic year. Payment for entering freshmen should be received no later than July 1; otherwise, housing will not be secured or given priority.

Notification of approved housing is confirmed by a Student Housing Assignment letter that is sent to the student via email. There is not always adequate space to house all students who wish to live on campus, some students may not be able to secure on-campus housing. Such individuals will be given assistance upon request, but off-campus housing should be secured prior to coming to the University. The Office of Residence Life maintains a list of names of persons in the community who provide housing to students, although the University assumes no responsibility for the condition of such housing, terms of accommodations, supervision, or payment of rent.

Student housing and residential life are important parts of the student’s educational experience. The living-and-learning focus emphasizes student growth and development of personal, recreational, social, and interpersonal relationships through residence hall programs. Students are encouraged to participate fully in all hall activities and in their respective hall governance by serving as officers, actively voicing their concerns and opinions in residence hall matters, and engaging in programs and services sponsored by the hall.

The Office of Residence Life is firmly committed to the concept that residence halls should provide a place where students grow, experience the richness of community living, and engage in learning outside the classroom. Dynamic communities form and contribute to each student’s overall learning, be it intellectual, cultural, social, emotional, and spiritual. On-campus living provides the proper balance of challenge and support for residents, allowing them to take responsibility for themselves and for their development.

STAFFING

The Coordinator of Housing Services and Operations is responsible for the comprehensive administration of student housing, which encompasses (a) the process of admitting students to campus housing; (b) the application and assignment process. All residence halls are staffed by live-in Residence Hall Coordinators and Residence Apartment Coordinator (RHCs and RAC) and student Resident Assistants and Community Assistants (RAs and
CAs) who also reside in the residence halls. Each RHC is a full-time professional and is responsible for the overall day-to-day operations and programming for the residential area. A substantial portion of the RHCs time is spent planning and coordinating educational, cultural, and social activities, responding to emergencies, counseling, responding to building and maintenance needs, and serving as a resource to the Hall Council, RAs, and residents.

**ROOM FURNISHINGS**

All residence hall rooms are furnished with beds, mattresses (and mattress covers when appropriate), desks, dressers, chairs, and blinds. All of the room’s furniture must remain in the room. The University will hold students liable for any furniture removed from the room or any damage to the furnishings beyond usual wear and tear.

**PUBLIC AREA FURNITURE**

The public lounge in each residence hall is furnished for the use of all residents. As such, all furniture must remain in the lounges. Removal of any furnishings from their assigned locations, including lounge furnishings moved into a student’s room, is considered theft of University property, and the student(s) involved will be referred for judicial action and/or fined.

**COMMON AND PUBLIC AREA DAMAGE COLLECTIVE FEE POLICY**

There are specific acts of damage or vandalism that occur in the residence halls for which the responsible party cannot be identified. The University has a collective fee policy for assessing vandalism and other damage charges. If the responsible party is not established within a specified period of time, the cost for repair or replacement of the area or item vandalized will be divided equally among all residents of the affected area. A minimum charge of $15.00 will be assessed for damage to common areas or to the room.

The students will be notified of the charge, and payment must be made within 10 days to the Business Office. Failure to pay damage fees will result in loss of housing, and other penalties may apply. Prior to the assessment of damage fees, every effort will be made to identify the parties responsible for the damage, including hall meetings and announcements on the bulletin boards. Excessive damage may also result in the loss of housing.

**HEALTH AND SAFETY INSPECTION**

The purpose of the health and safety inspection is to ensure that each student’s room, all common spaces, and public areas of the residence halls are in reasonably clean condition and that all terms associated with the safety regulations and policies of the University are being met. These inspections are conducted at least twice per month.

University officials may enter a student’s room during the period of occupancy for the purpose of inspection. Residence Life staff will inspect the general condition of the room, which includes closets, appliances, extension cords, ceilings, and wall hangings.

Violations will be noted and called to the attention of the student. Serious violations or failure to remedy the condition may result in loss of housing, and other penalties may apply.

During the room inspection, hall staff will look for such violations as presence of pets and animals, excessive dirt, open food containers, overloaded outlets, and alcohol and drug...
containers and paraphernalia. The inspection will be visual to ensure the student’s privacy. However, items seen in the room that are in violation of the Residence Life policies will be confiscated. Such items will not be returned to students until the end of the term.

ENERGY CONSERVATION

Everyone on-campus needs to be cognizant of conservation, including faculty, staff, and students. An individual’s role in energy and water conservation means changing one’s daily personal habits. With your help, conserving energy and water can reduce the cost of operations, help with sustainability, and soften the University’s impact on the environment.

Here’s what you can do to help the University community:

- Turn off appliances when not in use, including lights, computers, and other electronics, when going to class, dinner, or just leaving the room.
- Don’t leave water running.
- Shorten your showers by a minute or two; this will help save hundreds of gallons of water per month.
- Limit washing clothes to once a week. Avoid wash loads of a single item. Use cold water whenever you can.
- Turn off lights in classrooms, offices, and restrooms when not occupied.
- Use natural daylight when possible.
- Don’t print out emails unless necessary.
- Dress appropriately for the season while in your room.
- Keep doors and windows closed in air conditioned and heated areas.
- Adjusting the thermostat by just a degree or two saves energy without much effort.

ELECTRICAL APPLIANCES, EXTENSION CORDS, SURGE PROTECTORS AND OUTLETS

Due to a possible overload of electrical circuits, the total wattage of all electrical appliances in use at any one time should not exceed 1800 watts. Electrical appliances with heating coils are not permitted. Irons are permitted, but students are asked to use an ironing board, and not use their bed or floor due to safety and damage concerns. Only electrical surge protectors, multiple socket extension cords (drop cords), or power strips that meet the following specifications are to be used: UL-approved, maximum six outlets, heavy-duty cords, 15 AMPS rating with attached circuit breaker switch.

The use of drop cords, extension cords, or power strips are prohibited for use in lounge areas, corridors, or other open areas.

Other safety concerns include:

- Adapter plug ends should not be used at any time.
- Electrical cords should be checked periodically. Replace frayed, worn plug ends, or cords as needed. Look for UL ratings on all appliances and cords prior to use.
- Electrical cords or power strips should not be used in conjunction with portable refrigerators.
Division of Academic and Student Support Services

- The University highly recommends students purchase energy-efficient appliances with an Energy Star logo.

Every precaution should be taken to prevent fire hazards resulting from excessive use of appliances and over-dependence on power strips. Report any problems with power to the Residence Hall staff or the Office of Residence Life, immediately!

LAUNDRY

The use of washers and dryers is free, and students may wash clothes in their respective residence hall.

In addition, another laundry system has been installed called Laundry view, where students can monitor the use of washers and dryers from the convenience of their room through the use of their mobile device. Visit laundry view at http://www.laundryview.com.

TELEPHONE POLICIES

The University provides, in conjunction with a local carrier, local telephone service to residential students. The cost for this service is reasonable, and access to telephones is provided as a convenience to students, their parents, and the University community.

It is the policy of Johnson C. Smith University to take disciplinary action and appropriate legal action against students found guilty of making fraudulent telephone calls, theft of telephones, and/or abuse of telephone privileges.

The cost for telephone service is added to the housing fee and is automatically included on the student’s account. Students are advised that University policy prohibits the making of fraudulent telephone calls, theft of telephones, and/or abuse of telephone privileges.

The University seeks to provide efficient and effective telephone service to students. As such, the following policies are in effect:

TELEPHONES

Students are responsible for any charges they may incur for phone services. Unauthorized use of telephone credit cards and/or access codes and cards is in violation of University regulations and of local, state, and federal laws. Students charged with such violations will be referred for University judicial action. Students are advised that University policy also prohibits the making of fraudulent telephone calls.

Students are encouraged to use their room or cell as on-campus telephone numbers. University office telephones are for business use only and should not be used as a student’s personal telephone number.

The University assumes no responsibility for getting telephone messages to students except in the case of a verified emergency. For emergency purposes, students should advise concerned parties to contact the Campus Police at (704) 378-1003.

The cost for telephone service is added to the housing fee and is automatically included on the student’s account.

The University seeks to provide efficient and effective telephone service to students. As such, the following policies are in effect:
JCSU will provide local telephone service capability for each student residing in the residence halls. The cost of local service is included on the student’s account.

The student assumes full and complete responsibility for installing the instrument into the telephone jack provided, and for service to and care/maintenance of the instrument.

The Office of Residence Life reserves the right to deny telephone service to students who have made fraudulent calls in the past and to prohibit the installation of certain types of telephone equipment in the student’s room if it is deemed that such installation may present a safety or security hazard to any resident of the facility or to the facility itself.

**HOUSING DURING SCHOOL CLOSINGS AND VACATIONS**

Residence Halls officially close during December Holiday break and at the end of the Spring Semester. All students are required to vacate their rooms during these periods.

If a student leaves the University under any circumstances and abandons property, he/she has seven days after semester check-out or notification from the Office of Residence Life to retrieve personal belongings from assigned room or said abandoned property will be disposed of accordingly.

Room fees do not include these vacation periods. Any students remaining on campus during vacation periods without authorization will be referred for judicial action.

Since the University does not permit students to remain in the residence halls when school is not formally in session, students are not permitted access to the residence halls after closing. Also, the University is not responsible for items left in students’ rooms. If a student is unable to go home during the break, he or she must take the responsibility of arranging temporary off-campus accommodations.

Because of time constraints necessary to prepare for succeeding obligations, late check-outs are not allowed. Residents will be assessed a $50.00 per day charge for late check-outs at the end of the fall or spring semester. Early check-ins are not permitted. Students who return early are responsible for securing their own off-campus accommodations until their day of check-in. No exceptions are allowed.

Residence halls typically close within 24 hours of the last final exam and by 6:00 p.m. on the day of the last class period before holidays and breaks. Closing and opening dates and times are posted in advance; all students must conform to them.

**EARLY MOVE-IN**

Various campus groups (i.e. band, football, and some student organizations and departments) need their members to move into residence halls early before the Fall Semester officially begins. This requires making a formal written request the Office of Residence Life during the month of March. The Office and/or Department hosting these students are responsible for their meals until the student meal plans begin. The Office of Residence Life reserves the right to extend or deny early move-in privileges to incoming residents, as well as to accommodate or deny requests to remain in residence beyond the end of the occupancy agreement. All students must be financially cleared before they are allowed to move into the residence halls.
ILLNESS/CRISIS

If a student becomes ill when the Health Center is not open or when they otherwise experience a crisis, the student should contact the Resident Assistant on the floor or the Residence Hall Coordinator responsible for the residence hall. All RHCs are on call in the evenings unless it is their day off. His or her name should be posted in the office of each residence hall. The RHC will contact parent(s)/guardian(s) in the event of an illness/crisis.

REPAIRS

Students should report all needed repairs to their RAs or RHCs. Students are also encouraged to go to the University’s web site and complete the online work order request form. The link can be found on the home page of the website under the Faculty and Staff hyperlink. Students should not attempt to make repairs themselves. RAs and RHCs are responsible for reporting the concern to the Facilities Department and coordinating the repair. Residence Life personnel are also available to help students navigate the on line work order processes.

For problems, contact:

1. Vending machines: Contact the Office of Business and Finance at (704) 378-1087.
2. Laundry facilities: Call the Residence Hall Coordinator or the Office of Residence Life (8:30 a.m.-5:00 p.m.) at (704) 378-1099.
3. Housekeeping cleaning equipment: Contact the appropriate RA or RHC.
4. Telephone service: Contact the RA or the Help Desk at extension 4357 or helpdesk@jcsu.edu.
5. Mail service: See the University Post Office.
6. Repairs: Click on the following links at www.jcsu.edu – (a) Current Student; (b) Request a Repair; (c) Create a Work Order Request for Facility Management; and (d) JCSU Facility Damage/Cleaning/Replacement Cost

The following list represents those items for which residents are commonly billed. All costs are approximate amounts, with final fee arrangements contingent upon the extent of the damage and the cost to repair. Some costs represent prorated charges. Replacement or repair may not occur unless the full actual cost is assessed. Therefore, the costs listed in parentheses may not reflect the actual amount billed to the student. Depending upon the type of facility you live in, some items may not apply to you.

**CLEANING RESPONSIBILITY**

It is the University’s goal to maintain the living and learning environments of each residence hall so it can remain an outstanding residential community. In order to promote and maintain a clean and healthy living community, and as a condition of residency, the Office of Residence Life has established certain policies as described below.

It is requested and expected that each resident will cooperate with cleaning expectations as it is essential for the comfort and convenience of all residents. The housekeeping and maintenance staff (WFF) cleans each suite prior to occupancy. The suites are expected to be kept in a sanitary condition during each academic semester and upon check-out. The uniqueness in the design of the Mosaic Village, Duke Hall, and New Residential Hall suites fosters a shared responsibility by the residents to clean and maintain a cleaning schedule.

Each resident is expected to maintain a healthy living environment by cleaning the following areas:

- All common areas/lobby floors swept and mopped
- Stairwells swept and mopped
- Sinks cleaned
- Commodes sanitized
- Mirrors cleaned
- Garbage emptied
- Cabinets free of any debris
- Showers cleaned with appropriate cleanser
- All appliances

Failure to maintain a clean and healthy living environment will jeopardize your residential status and you may be removed from the suites immediately. To ensure these requirements are met, the RA and the RHC will conduct bi-weekly inspections. If a suite requires extraordinary cleaning during occupancy or upon check-out, the staff will solicit WFF cleaning service to clean the area in need of care, and the residents will be billed for the services.

**THEFTS AND LOSSES**

The University does not assume any responsibility for loss of, damage to, or theft of students’ personal property anywhere in the residential facilities, whether by fire, theft, or otherwise for the direct or consequential damages arising from the loss of, or any interruption of, any utility service provided by Johnson C. Smith University or any other person or organization in connection with residence services. The student assumes all risk of all such loss. Many families have homeowner insurance policies that provide coverage for students’ belongings at school. Residents may wish to consider purchasing additional insurance if their family’s policies do not cover their belongings on campus.

Incidents of theft should be promptly reported to both the Office of Residence Life and the University Campus Police.
CANCELLATION OF HOUSING

Any student leaving University housing at any time other than at the end of the fall or spring semester must complete a cancellation form in the Office of Residence Life. Students who withdraw from the University must have their rooms inspected by a member of the residence hall staff for that building. All housing deposits are final and non-refundable.

HOUSING APPLICATION AND AGREEMENT

Housing for students is provided in University-operated student residence halls. An individual must be admitted to the University before an application for housing can be accepted. The housing application must be renewed each year along with an application fee of $150.00. During the specified period for renewing housing applications, the student is expected to review the housing application and agreement. If he or she desires housing and concurs with the terms and conditions, they should sign the application. Signing the agreement constitutes an agreement by the student to comply with the terms and conditions accompanying the housing assignment. (For more specific information, the student should refer to the Housing Application and Agreement.) Notification of approved housing is provided on the Student Housing Assignment form sent to the student. All students must maintain a minimum of 12 hours to remain in the residence hall and be considered a full-time student unless approved by the Dean of Health and Wellness case by case.

Students whose financial accounts are not up to date, and/or whose health and immunization records are incomplete, may not participate in the hall selection process.

As part of the Housing Application/Agreement under Eligibility for Housing, if a student resident fails to enroll and/or pay fees, the resident agrees to vacate the premises within 48 hours of notification.

The application for housing cannot be processed until the student has submitted the $150 non-refundable housing application fee. The housing application fee is not applied to the student’s cost of room and board and is not refundable under any circumstances. Students are required to pay the housing application fee each year in order to secure a room in the residence hall.

Housing assignments are made on the assumption that the student will report to the University to claim his or her room at the time designated and reside in that room for the duration of the semester. A new student who does not report to claim his or her room by 5:00 p.m. on the first day of check-in, or the returning student who does not check into his or her assigned room by the prescribed deadline, will be considered a no-show, and his or her assignment will be canceled immediately.

ROOM CHANGES/CONSOLIDATION

The University agrees to determine room assignments on the basis of the date of receipt of the Application/Agreement and priority status. After a student has been assigned a room for the academic year, they may change rooms and/or buildings during the time designated by the Office of Residence Life. Students must secure a room change form from their Residence Hall Coordinator or Office of Residence Life at the time designated for room changes. All room changes must be approved by the business office and Office of Residence Life prior to the room change. Charges will be adjusted accordingly.
Consolidation: If one or more of the occupants of the room or suite moves out, the remaining occupants must consolidate. Consolidation will be done at the University’s discretion and it involves:

1. Moving to another room or suite;
2. Finding someone in a same or similar situation to move in with you; or
3. Paying the private room rate.

In cases where none of the consolidating parties wishes to move, priority to remain will be determined by:

a. Length of room occupancy;
b. Length of enrollment by credit hour; and/or
c. Date of receipt of application
d. Discretion of Office of Residence Life

Students who willfully do not participate in consolidation may be removed from University housing at the University’s discretion.

Animal and Pet Policy

With the exception of Seeing Eye or Service Dogs, no pets or animals are permitted on campus, and pets are not allowed in any student housing. This includes even brief visits. The University requests that students, faculty, and staff refrain from feeding stray animals as this may cause health and safety concerns. If you see a stray animal on campus, contact the Campus Police; they may need to call Animal Control.

Students and their roommates who have pets or animals found in their room or residence hall are subject to disciplinary action by the Residence Hall Coordinator OR Residence Apartment Coordinator and, subsequently, the Office of Judicial Affairs.

Any student with a disability must get approval from the Office of Disability Services for having a service animal.

Pregnancy

Any resident who determines she is pregnant must notify her Residence Hall Coordinator/Residence Apartment Coordinator and the Health Center as soon as possible.

Hover Boards

Use of Hover Boards are prohibited in all University housing.

Room Entry by University Officials

A student residing in campus housing agrees that University officials may enter his/her room during the period of occupancy for the purpose of inspection, wellness check, maintenance, or search and seizure to investigate suspected violation of campus regulations and removal of any material possessed illegally or in violation of University policy.
SMOKING

Smoking is prohibited in the residence halls and all other buildings on University-owned property. Students should be aware of the smell of smoke in their clothing and the effect of second-hand smoke on others.

OFF-CAMPUS LISTING/LIVING SERVICES

Students may contact the Office of Residence Life at (704) 378-1099 for any additional questions, or possible assistance with finding off-campus housing locations.

OVERNIGHT VISITORS

A guest is defined as a non-resident staying in a residence hall and who is hosted by a current resident. Overnight guests are not allowed to stay more than two consecutive nights without special permission from the Residence Hall Coordinator or Residence Apartment Coordinator and the Dean of Health and Wellness.

Visits by children under the age of 12 years are never permitted except in unusual situations and then only with the permission of the Dean of Health and Wellness.

COED VISITATION

Coed Visitation is defined as the time during which members of the opposite sex are allowed to visit in students’ rooms and residence halls.

After review of the first semester, a decision is made regarding the Spring Semester visitation for freshmen. It is important that roommates be courteous to one another when having visitors and be sensitive to their roommates’ primary rights to sleep, study, and privacy. Each roommate may not have more than two students as guests in the room at one time. The staff and fellow residents will strictly enforce guidelines in order to ensure procedures are followed. All guests (especially those of the opposite sex) should be escorted while in the building.

LOBBY HOURS

Sunday - Thursday 10:00 a.m. - 12:00 a.m.
Friday & Saturday 10:00 a.m. - 1:00 a.m.

ROOM VISITATION

Sunday - Thursday 7:00 p.m. - 12:00 a.m.
Friday & Saturday 7:00 p.m. - 1:00 a.m.

KEYS

Keys assigned to residential students are the property of the University and must not be duplicated, transferred, loaned, or shared. Students are responsible for the cost of replacing lost or broken keys and accompanying locks. For your safety, as well as your roommate’s, please report a lost room key to your RA/CA or RHC/RAC as soon as possible. Keys must
be surrendered when the student checks out of the residence hall, withdraws from school, vacates his or her room, or otherwise leaves the University.

**LOCKOUT/KEY REPLACEMENT POLICY**

As a student and member of the on-campus community, you are urged to carry your keys at all times and lock the door to your room. Your keys should never be used by anyone other than yourself. If you are locked out of your room, an RA/CA or the RHC/RAC for your residence hall should be available to let you into your room when the staff is available. If you are locked out, the following procedures must be followed:

1. Contact your RA/CA or RHC/RAC to use the passkey and let you into your room.
2. Each student will be given three lock-outs. After the third lock-out, there is a $5.00 fee for each lock-out. Lock-out fees will be $10.00 after midnight.
3. If you have lost your key, you must inform a Residence Life staff member. Once notified, the Office may initiate an immediate lock change for which you will be billed. If the lock change is after normal business hours it will be necessary to also bill you for overtime charges.

**Lock Change Cost:**

1. Replacement for core changes: $75.00
2. Replace key no core change: $20.00 and $25.00 (Mosaic Village)
3. Cost for replacement card will apply

Failure to surrender or return keys when you check out of your room will result in the full cost to change the lock and replace the keys.

**TRASH/DUMPSTER**

Residents should take all trash outside to the dumpster nearest to their residence hall. At no time should trash be left in the hallway, bathrooms, lounges, stairwells which creates a fire and health hazard. Please refrain from throwing trash on the grounds and around the residence halls. Everyone should participate in keeping the campus clean and beautiful. Failure to comply will result in a fine.

**DOORS (PROPPING, DESIGNATED ENTRANCES/EXITS)**

Doors within the residence halls play a primary role in building safety by preventing access from non-residents and intruders and by enhancing the building’s fire control capabilities. Residents should carry their keys and University ID with them at all times. Propping open corridors, stairways, fire/smoke doors, or exterior doors; opening a secured outside door of a residence hall to allow access to an unknown non-resident; forcing open a secured door; and tampering with door locks are prohibited activities.

All residents and guests must use the designated entrances/exits as directed. Remember, if you prop open a door and allow an unescorted visitor into your hall, you will be jeopardizing not only your own personal safety and belongings, but also those of your fellow residents. Failure to comply will result in a fine.

**DIVERSITY AND INCLUSION**

Accepting differences and acting from a position of genuine appreciation of one’s own cultural identity and that of others are the hallmarks of diversity. Diversity is a key factor in the creation of equity and may be defined as a process of change by which we learn to recognize, understand, and appreciate our own cultural identities, as well as the similarities and differences of people from other cultural groups. These cultural groups can be based upon several characteristics, including race, ethnicity, gender, age, sexual orientation, physical abilities, class, job status, religion, immigrant status, language, and nationality.

Through specialized programming and services, the University provides a positive opportunity to explore the impacts of culture, race, gender, and other social conditions on ourselves and our work environments. Discovering and building upon similarities build effective interpersonal relationships. At the same time, being able to acknowledge and understand our differences help make them less threatening and transforms them into positive assets that enhance teamwork and community.

**FRATERNAL ORGANIZATIONS (FRATERNITIES, SORORITIES AND SOCIAL FELLOWSHIPS)**

Historically, Greek-letter organizations and social fellowships have assumed an active role in contributing to the cultural, scholastic, political, service, and social life on campus, as well as providing leadership opportunities for students. At JCSU fraternities, sororities, and social fellowships are involved in educational programs, community service, and leadership development. They also provide a strong bond of friendship among their members. For the purposes of this document the term Fraternal Organization refers to social fraternities, sororities, and social fellowships.

Fraternal organizations are expected to comply with institutional, national, and regional regulations governing their respective organizations, as well as those established by the National Pan Hellenic Council. Further, they are required to adhere to the published rules and regulations governing student organizations at JCSU. The University supports and assists fraternal organizations and considers them an essential part of campus life. However, it is expected that such organizations will comply fully with the goals, mission, and purpose of the University.

**AUTHORITY/GOVERNANCE OF RECOGNIZED FRATERNAL ORGANIZATIONS**

The National Pan Hellenic Council constitution shall be adhered to by all affiliated and active fraternal organizations at JCSU. Other social fraternal organizations that are not affiliated internationally with the NPHC must be affiliated with the Independent Fraternal Council (including recognized Social Fellowships). Affiliation with a governing council is mandatory for recognition and activity at JCSU. The rules and policies of the University supersede all constitutions and other policies and procedures governing these organizations.

The NPHC is currently composed of nine International Greek letter fraternal organizations. It promotes interaction through forums, meetings, and other mediums for the exchange of
information and engages in cooperative programming and initiatives through various activities and functions.

The Independent Fraternal Council is the planning and governing body for non-National Pan-Hellenic organizations. This Council is to plan IFC-related activities, monitor IFC intake activities, and serve as liaison between the University Administration and the respective organizations.

The following rules will be adhered to by all fraternal organizations on campus. Failure to do so will result in suspension of activities for that organization.

- All active fraternal organizations must participate in the planning and execution of the operations, activities, and programs of their respective governing council.
- Each organization must have a minimum of one-member present at Executive Council meetings.
- Each organization must have at least two active members present at the General Body meetings. Failure to adhere to this rule will result in the suspension of activities in their organization.
- Prospective members for any affiliate of the governing organizations must have at least a 2.50 cumulative Grade Point Average and 30 semester credit hours.

**EXPELLED/SUSPENSION FROM THE UNIVERSITY**

Fraternal organizations may be expelled from the campus due to violation of University and organizational regulations. When this occurs, students affiliated with the organization are prohibited from wearing or displaying on campus any clothing, paraphernalia, or other items bearing the name, insignia, or other identifying characteristics of the expelled organization. All judicial sanctions must also be adhered to before expulsion/suspension is lifted. Suspensions levied by the sponsoring alumni chapter/advisor, regional, or international authority must be made known to the University with stipulations thereof in writing immediately to the Director of Student Leadership and Engagement.

**FRATERNAL ORGANIZATION INSURANCE**

All active fraternal organizations are required to carry basic coverage with single limit of bodily injury and property damage liability insurance of $1 million. The University should be notified within 30 days if any change or cancellation of policy terms takes place. Each fraternity must annually file a current certificate of liability insurance coverage (naming Johnson C. Smith University as additional insured) with the Office of Student Leadership and Engagement before a fraternal organization is considered active for the current academic year. Organizations that do not have continuous year-round coverage must file a certificate of insurance showing proof of liability coverage on an event-by-event basis.

**JUDICIAL PROCEDURES**

Fraternal organizations charged with violation of the guidelines of organization or the National Pan-Hellenic Council, Independent Fraternal Council, or the University shall be subject to the judicial procedures as prescribed by the University’s Standards of Conduct.
LITTLE BROTHER/SISTER ORGANIZATIONS

The University prohibits organizations traditionally referred to as little sister or little brother organizations, such as Omega Pearls, Kappa Sweethearts, Sigma Doves, Alpha Angels, and Que-Ts. Caps, t-shirts, and other clothing and paraphernalia making reference to these organizations are prohibited on campus.

MEMBERSHIP INTAKE/SELECTION POLICIES AND PROCEDURES

The University reserves the right to announce a list of organizations it has approved to select new members. This is done when there is possible underground pledging/intake activity taking place. This is done strictly as a measure to protect the interest of the University and its students, faculty and staff and to ensure that proper process of new member activities are taking place as sanctioned by the respective international/national offices of the University’s recognized fraternal organizations.

All organizations will annually submit the following policies from the international headquarters to the Office of Student Leadership and Engagement:

- Alcohol and Drug Abuse
- Sexual Harassment
- Minimal Academic Requirements
- Internal Disciplinary Procedures

ELIGIBILITY FOR MEMBERSHIP

- Have at least a 2.50 cumulative Grade Point Average
- 30 semester credit hours at Johnson C. Smith University
- Attend an Anti-Hazing Workshop in the semester of interest
- Participate in Emerging Leaders in the semester of interest

The University’s academic standards supersede those imposed by the international organization. Students whose indebtedness to the University is overdue, in arrears, or in default will not be permitted to join a fraternal organization. Also, a student may be denied membership in a fraternal organization if he or she commits an act which results in his or her being placed on disciplinary probation or given a more severe sanction during the period he or she is being considered for membership. The Chapter President or Membership Intake Coordinator is responsible for submitting to the Director of Student Leadership and Engagement in writing the names, campus addresses, and the campus and home telephone numbers of all prospective members. The Director of Student Leadership and Engagement shall be responsible for verifying the academic, financial, and disciplinary
status of all prospective and new members. No student is eligible for membership until the Director of Student Leadership and Engagement, with the approval of the Dean of Students, has certified the student’s eligibility with respect to grades and conduct. Further, no activities with or for prospective members may begin prior to the approved dates for membership intake for the organization, as stipulated by the Director of Student Leadership and Engagement.

A transfer student must have earned at least 30 semester hours at the University by the preceding semester, prior to intake and have a 2.50 Grade Point Average or (GPA) higher, to be eligible for membership in a fraternal organization.

**LIMITATIONS ON NUMBER OF ASPIRANT MEMBERS**

The University reserves the right to limit organizations to 40 participants for their intake process. Failure to adhere to this limitation will result in the organization being prohibited from conducting an intake process for the current semester.

**NON-UNIVERSITY STUDENTS PARTICIPATION IN INTAKE PROCESSES**

No recognized fraternal organization at JCSU will be allowed to include non-University students in its intake process. Intake processes are to be exclusive to currently enrolled JCSU students. No currently enrolled JCSU student is permitted to participate in another fraternal organization’s membership intake process at another university or graduate/city-wide chapter or regional cluster unless permission in writing is granted by the organization’s presiding regional official and then provided to the Director of Student Leadership and Engagement.

**SPONSORING ALUMNI CHAPTER**

The sponsoring alumni chapter of each organization must provide the names of the alumni members who are certified in the organization’s intake process who will conduct and/or monitor intake activities. This information should be given to the Director of Student Leadership and Engagement at the beginning of the semester that intake is planned.

**MEMBERSHIP INTAKE PROCEDURES**

All activities associated with the concept of pledging have been suspended by Johnson C. Smith University. The selection and education process for any student interested in membership in any chapter recognized at JCSU is henceforth referred to as ‘intake’. Coming Out/New Member Introduction shows are not considered part of the membership intake process by the University, but are regulated by the Office of Student Leadership and Engagement.

Each organization engaging in membership intake must be in good standing with the University’s academic and social policies and must have submitted an updated membership roster with the GPA for each member.

The Director of Student Leadership and Engagement establishes the dates when intake activities may take place. Intake activities that take place outside of these time-frames are strictly prohibited and will be thoroughly investigated.
To ensure that all fraternal organizations are following proper membership intake procedure, all forms must be completed in a timely manner. Below is an outline of the due dates for all documents related to membership intake?

At the beginning of each semester and before any membership intake activities can be planned:

1. Each organization must state their intention to have a membership intake process by filling out and returning the appropriate form by the indicated time-frame.

2. The chapter must select a Membership Intake Coordinator, who, along with the chapter president, chapter advisor, and Director of Student Leadership and Engagement, must complete the appropriate paperwork.

After a Membership Intake Coordinator is selected:

1. A completed form on the membership intake plan must be returned to the Director of Student Leadership and Engagement. This form must cover all proposed Informational Nights and other recruitment activities, new member education, projects (including off-campus service projects), and ritual activities. If no membership intake is planned, then the proposed start and end dates are to be left blank. No organization will be allowed to host recruitment events without completing this form.

2. Complete the proper University event registration paperwork for each and every intake meeting or function, and return it to the Office of Student Leadership and Engagement for proper documentation. Intake activities will be stored within the event database housed within the Office of Student Leadership and Engagement and will not be published on the University’s website. Throughout the process, no meeting or function is allowed to take place without the presence of the chapter’s advisor as registered with the Office of Student Leadership and Engagement and as listed on all intake documentation.

3. All chapter members and advisors are required to attend the Intake Risk Management Seminar prior to the beginning of membership intake. Chapters/members who do not attend will not be cleared for intake. Each organization must submit a list of potential members (with an advisor’s signature) to the Director of Student Leadership and Engagement. Each organization will receive an approval letter for membership intake from the Office of Student Leadership and Engagement within three business days of receipt of the Membership Intake Packet. No intake activities can take place until the Membership Intake Coordinator and official advisors have received this letter.

Upon completion of the Membership Intake process:

Each organization must submit a final list of all new members certified by the advisors. This is required before any Coming Out/New Member Introduction Shows may take place.

Non-adherence to these policies can lead to suspension or loss of organizational privileges as determined by the Office of Student Leadership and Engagement.

**POST INITIATION ACTIVITIES**

All types of new member introduction presentations held on campus have to be within the time frame designated by the Director of Student Leadership and Engagement. There will
be no exceptions. There should be no pre or post new member introduction shows on or off campus.

**PRE-PLEDGING PROCESSES DEFINITIONS**

Secret Probation Activities: Any student on probation or requiring students to perform duties or activities and/or personal services either officially or by individual members of an organization

Pre-Initiation Activities: Any activities or interactions between aspirants and members of said organizations are strictly prohibited at JCSU. Pre-Initiation is further defined as the involvement of an organization’s members with individuals interested in joining the organization as illegitimate members, or illegal/unauthorized activities prior to the period approved by the University’s intake activities. Pre-initiation also includes humiliation, intimidation or financial exploitation and otherwise engaging in any organized activity connected with consideration for membership in the organization. Chapters of organizations recognized by JCSU found to be involved in pre-pledging activities are subject to sanctions up to and including permanent suspension of the organization from all activities on campus. Individual members found to be pre-initiating are subject to further sanctions, in accordance with those listed in the current Student Handbook, which includes but is not limited to suspension or expulsion from the University.
ADDITIONAL SUPPORT SERVICES
AND RESOURCES

STUDENT SUPPORT SERVICES

Student Support Services (SSS) is designed to provide opportunities for academic development, assist students with basic college requirements, and motivate students toward the successful completion of their post-secondary education. The SSS program also provides grant aid to participants receiving federal Pell Grants. The goal of SSS is to increase the college retention and graduation rates and foster an institutional climate supportive of the success of students who are limited English proficient, students from groups that are traditionally underrepresented in post-secondary education, students with disabilities, students who are homeless children and youths, and students who are in foster care or aging out of the foster care system, or otherwise disconnected.

Services provided by the SSS program include:

1. Academic tutoring to enable students to complete post-secondary courses, which may include instruction in reading, writing, study skills, mathematics, science, and other subjects
2. Advice and assistance in post-secondary course selection
3. Providing students with information on both the full range of federal student financial aid programs and benefits (including Pell Grant awards and loan forgiveness) and resources for locating public and private scholarships
4. Assistance in completing financial aid applications, including the Free Application for Federal Student Aid (FAFSA)
5. Education or counseling services designed to improve the financial and economic literacy of students, including financial planning for post-secondary education
6. Activities designed to assist students in applying for admission to and obtaining financial assistance for enrollment in graduate and professional programs

A student is eligible to participate in the SSS program if the student meets the following requirements:

1. Is a citizen or national of the United States or meets the residency requirements for federal financial assistance,
2. Is enrolled in the institution or accepted for enrollment in the next academic term,
3. Has a need for academic support,
4. Is a low-income individual,
5. Is a first generation college student (i.e. neither parents received a baccalaureate degree),
6. Has a disability and has submitted the appropriate documentation for that disability.
STUDENT CIVIL RIGHTS, DISABILITIES
AND DISCRIMINATION POLICY

Johnson C. Smith University advises applicants, participants and the public that it does not discriminate on the basis of disability in programs, services, admissions, access, or employment. The University is committed to the regulations and the spirit of Section 504 of the Rehabilitation Acts of 1973 (P.L. 93-112), as amended (P.L. 93-516) and Title II of the Americans with Disabilities Act.

No qualified disabled person shall, on the basis of their disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives or benefits from federal financial assistance. [84.4 (a)]

Disabled persons means any person who (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment. [84.3 (j)(1)] Physical or mental impairment means (A) any physiological disorder or condition, cosmetic disfigurement or anatomical loss affecting one or more of the following systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or (B) any mental or psychological disorder, such as; organic brain syndrome; emotional or mental illness and specific learning disabilities [84.3 (j)(2)(i)].

The term disability includes, but is not limited to, such diseases or conditions as speech; hearing; visual and orthopedic impairments; cerebral palsy; epilepsy; muscular dystrophy; multiple sclerosis; cancer; diabetes; heart disease; mental retardation; emotional illness; and specific learning disabilities such as perceptual dyslexia, minimal brain dysfunction, and developmental aphasia.

Major life activities means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working [84.3 (j)(2)(ii)].

The University shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, against an otherwise qualified disabled applicant or student. Academic requirements that the recipient can demonstrate are essential to the program of instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted [84.44 (a)].

The University:

- May not impose upon disabled students other rules, such as prohibiting the use of tape recorders in classrooms or of service animals in campus buildings that have the effect of limiting the participation of disabled students in the University’s education program or activity [84.44 (b)],
- Shall provide such methods for evaluating the achievement of students who have a documented disability that impairs sensory, manual or speaking skills as will best ensure that the results of the evaluation represents the student's
achievement in the course, rather than reflecting the student's impaired sensory, manual or speaking skills (except where such skills are the factors that the test purports to measure) [84.44 (c)], and

- Shall take such steps as are necessary to ensure that no disabled student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the University because of the absence of educational auxiliary aids for students with impaired sensory, manual or speaking skills [84.44 (d) (1)].

Auxiliary aids may include taped texts, interpreters, or other effective methods of making material delivered orally available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments and other similar devices and actions. The University does not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature [84.44 (a) (2)].

JCSU has designated the following person to coordinate efforts to comply with these requirements. Inquiries, requests and complaints should be directed to:

**BIDDLE INSTITUTE**

The Biddle Institute at Johnson C. Smith University is an academic support program designed to ensure high school students transition effectively as college students during their first year of study at the University. The Biddle Institute includes two programs:

- Biddle Freshman Program
- Sit Lux Scholars Program.
The mission of the Biddle Institute is to coordinate and deliver intrusive support and interventions to the diverse group of talented and highly motivated students from various ethnic, socioeconomic, and geographic backgrounds who enter the University via strengths-based programs.

**INTRUSIVE SUPPORT AND INTRUSIVE INTERVENTIONS**

Biddle Institute support and interventions are proactive services and contact provided to students when concerns are reported and/or observed by faculty and staff. The Director of Biddle and ACE Academic Advisors communicate with students, faculty, staff, and other University offices to coordinate or structure the delivery of support service(s) or interventions a student may need, with particular attention to referrals that can be made to University faculty, staff, and offices, regarding academic and first-year transition concerns.

**INTRUSIVE SUPPORT**

Intrusive support may be accomplished in a variety of ways. Students are part of a Biddle Faculty Team, an ACE Advising Team, and have access to Peer Mentor/Coaches. The most common delivery of intrusive support is the ACE’s contact with students during monthly or bi-weekly appointments, or ad hoc appointments initiated because of a professor’s concern. In addition, academic advisors’ follow-up or action steps stemming from appointments with students are also intrusive support.

**INTRUSIVE INTERVENTIONS**

Biddle Institute provides intrusive interventions for students based on escalated concerns from ACE Academic Advisors, and developed with input from faculty and staff in related University departments. Intrusive interventions utilize faculty and staff observations to determine students’ needs, then coordinate/structure the delivery the particular support service(s) a student may need, which may include meetings and/or referrals.

An action plan will be developed as the foundation of the intrusive intervention process, and includes referrals that may require action from the Biddle Institute team, ACE Advisors, faculty, staff, and other University offices.

**BIDDLE INSTITUTE STUDENT BEHAVIOR AND CONDUCT INTERVENTIONS**

As stated in the BFP/Sit Lux Student Agreement and Contract, Biddle Institute students are subject to the same standards, processes, and consequences as all University students who may become involved with any situation which requires the intervention of the Office of Judicial Affairs, campus police, or CMPD. The results of these interactions may include fines, referrals, Judicial Board hearings and mandates, and dismissal, as deemed appropriate by the University.

Intrusive interventions developed to address student behavior and conduct concerns may be limited in scope if the issue is being handled by the Office of Judicial Affairs, campus police, or Charlotte-Mecklenburg Police Department. The direction provided by the
aforementioned units supersedes Biddle Institute’s duty to proactively communicate with students as part of an intrusive intervention.

UPWARD BOUND

The Upward Bound Program is a pre-college preparatory program designed to assist high school students in (a) raising their high school grades, (b) determining their career goals, and (c) participating in a program of study and academic enrichment activities aimed toward skill-building and personal growth so they will enroll in and graduate from institutions of post-secondary education.

The target groups served by the program include high school students who are low-income and/or potential first-generation college students (i.e., neither parent has earned the bachelor's degree, with the potential for success in a post-secondary program and would likely not gain admission to or successfully complete college due to inadequate preparation and/or underachievement. Students may enter the program in the summer prior to their freshman year and continue through the summer immediately after high school graduation.

Upward Bound includes a curriculum designed to improve the quality of student outcomes so that more students are well prepared for college and careers. In an effort to achieve these goals, Upward Bound provides a rigorous secondary school program of study, which includes creative thinking, effective expression, self-awareness, and positive attitudes toward learning, all of which are needed for post-secondary educational success. Also included are tutorial services; academic, financial, and personal counseling; mentoring; information on post-secondary education opportunities; assistance in completing college entrance and financial aid applications; assistance in preparing for college entrance exams; and recreational and cultural activities to help students succeed.

The Upward Bound office is housed in the Upward Bound Building located behind the Band Room.

STUDENT FINANCIAL AID

JCSU administers an extensive financial aid program that provides financial assistance to more than 80% of its student body. It is available to eligible, admitted students, enrolled in a degree seeking program. Types of assistance include scholarships, grants, loans, and employment. (See the University Catalog for a full list of all available aid.)

HOW TO APPLY

To apply for financial aid, you must complete a Free Application for Federal Student Aid (FAFSA). This form is available online at www.fafsa.ed.gov. All information should be as complete and accurate as possible. The FAFSA must be submitted after January 1 and received by the processor by March 15 to receive priority consideration for the following school year for all types of financial aid. Students may still apply for aid after the priority date; however, aid will be awarded on a funds available basis. Important: The School Code 002936 must be used on the FAFSA/Renewal FAFSA forms to ensure that information is released to JCSU.

The University does not require an institutional application but it may request tax transcripts and/or other documents at a later date to assure that all information is accurate.
To qualify, a student must be a U.S. citizen or eligible noncitizen and must also maintain satisfactory academic progress. To be eligible for any type of financial aid, a student must be accepted into a degree or eligible certificate program, and must not be in default of any student loan or owe a refund on a federal grant.

**VERIFICATION**

After you apply for financial aid by completing the FAFSA, you (and your parents) may be asked to verify certain information that was submitted to the Department of Education. You may also receive letters requesting additional documentation to clarify conflicting information on the FAFSA. Be sure to respond immediately to these requests to ensure your eligibility for all aid. Families that utilize the IRS Data Retrieval Tool, and have a successful match, will not be required to obtain and submit a copy of the IRS Tax Return Transcript. In rare cases (to clarify other items, or due to the use of professional judgment), the Financial Aid Office may request a copy even after a successful match. Students and parents are urged to submit verification and/or other required documents as soon as possible upon request. A student will not receive an award notification until the verification process is completed. You must reapply for financial aid each year.

If a valid email address was provided on your current FAFSA, the Department of Education will send a Renewal Reminder in the beginning of the year prompting students to file their annual FAFSA. Any student who has a current FAFSA may complete the renewal application by accessing the federal website at www.fafsa.gov.

**IMPORTANT DEADLINE NOTICE**

To be considered for the maximum financial aid available, you should file your FAFSA or Renewal Application form after January 1 but before March 15. The FAFSA form will show a June 30 deadline, however, June 30 is the final date of the award year for receipt of applications, not the priority deadline. All applications received after March 15 will be considered for financial aid on a funds available basis. Notification of eligibility prior to the university billing/financial clearance due date is not guaranteed for late applications.

**AWARD NOTIFICATION**

Notifications of financial awards are emailed to the student. All aid is “Accepted” unless the student chooses to decline or adjust the awarded amount. If a student chooses this option, he or she will have to print the award letter, make adjustments, sign, and return the physical copy to the Office of Financial Aid. JCSU students may also access their financial aid award and check their financial aid status by logging into net partner via JCIS. Changes in federal, state, and institutional policy could affect student eligibility. Contact the Office of Financial Aid for updated information.

**POLICY ON INSTITUTIONAL SCHOLARSHIPS**

While JCSU is committed to providing needed scholarship funds to students, resources that are currently available can only be appropriated to assist in covering direct educational costs. These costs may include tuition, fees, room and board (when applicable), and books. Additionally, financial assistance provided through the University is based on need. The need factor is determined by the amount of financial assistance and available resources a student receives; subtracted from the institution’s budget established for the student. Gift aid and/or scholarships that are packaged with other federal or state aid or are singularly
awarded may not exceed financial need. Therefore, if a student receives additional financial assistance from any outside source, the University reserves the right to reduce the amount of gift and/or scholarship assistance accordingly.

**SATISFACTORY ACADEMIC PROGRESS AND STUDENT FINANCIAL AID**

Johnson C. Smith University has the following Satisfactory Academic Progress Policy (SAP) for students who receive financial aid. These standards require that a student make progress toward an undergraduate or graduate degree during all periods of enrollment, including periods when a student did not receive financial aid. SAP is a federal policy that measures two components: quantitative and qualitative progress.

The quantitative portion requires students attending an institution that awards federal financial aid be making progress toward the completion of their degree within a reasonable period of time. All attempted credits count toward the calculation, and withdrawals, failures and incomplete grades will all negatively impact a student's progress.

The qualitative component of the policy deals with progress as it relates to the student's Grade Point Average (GPA). Satisfactory academic progress standards adhere to the University's policy for academic standards (see chart below).

The maximum time frame for completing an undergraduate degree is 150% of the published length of the program. For programs that are 120 credits, a student would be allowed to attempt no more than 180 credits before completing the requirements for their degree. Generally, for full-time students, this is equal to six years. Students who have not completed their degree within this parameter will be deemed ineligible for financial aid.

**JCSU Financial Aid Satisfactory Academic Progress Standards**

- Maintain required cumulative Grade Point Average (GPA) based on matrix below, or higher (a qualitative measure)
- Successfully complete at least 67% for undergraduates and 75% for graduates of the cumulative attempted credit hours (a quantitative measure)
- Make positive progress toward a program of study within 150% of the average published program length.

FINANCIAL AID ELIGIBILITY STATUSES

Eligible – Student is meeting the minimum academic standards or has no academic history. Is fully eligible for financial aid.

Probationary – Student did not meet minimum standards for cumulative GPA and/or 67% completion rate in the previous evaluation period. Student is still eligible for financial aid, but must reach all minimum standards by the end of the next evaluation period in order to maintain eligibility.

Ineligible – Student has failed to meet minimum standards for cumulative GPA and/or 67% completion rate SAP at the end of the evaluation period. Student is ineligible for financial aid.

Maximum Timeframe – Student has attempted at least 180 credit hours toward a Bachelor’s Degree. Graduate students must earn their degree within the timelines set by their graduate school program. If a student exceeds these credit hour limits, they are not making progress toward a degree within the 150% federal requirement. Student is ineligible for financial aid.

REPEAT COURSES

Federal regulations prohibit receiving financial aid for the repeating of a previously passed course more than once. Students who received credit for a course, and repeat the course to earn a higher grade can have that repeated course counted in the enrollment level for financial aid purposes only one additional time. All repeat courses will be used in determining completion rate and timeframe.

REVIEW, NOTIFICATION AND APPEAL PROCESS

Students who do not meet the University's standards are notified of the loss of financial aid eligibility prior to the start of the next semester. When a student is notified of their ineligibility, they are also given the opportunity to appeal, in writing, based on mitigating circumstances. Summer classes are included as attempted and/or completed credits in the following academic year (unless a special condition is imposed by the Satisfactory Progress Committee).

All appeals are reviewed by the Satisfactory Progress Committee, whose representatives are from academic and student support officers, and the Financial Aid Office. Decisions by the committee are final. A student whose appeal is approved will have their financial aid eligibility reinstated on a probationary basis. These students must be especially diligent in completing all attempted credits until compliance with the policy is re-established.

When an appeal is reviewed and approved by the Committee, the student, in most cases, will be required to adhere to a contract/academic plan that is designed to assist the student in regaining compliance with the policy over time. Contracts are generally in place for one academic year, unless otherwise stated. If the student meets all the conditions stated in the contract, he or she will retain eligibility for financial aid while working toward compliance. Students who do not meet the imposed conditions will not be eligible for financial aid in the next semester.

Eligibility can be regained in two ways: a student who is deemed ineligible may find an alternative funding source, continue to take classes, and regain eligibility on their own over
time, or a student may instead decide to appeal to the Satisfactory Progress Committee. Students who submit their appeal by the deadline that is communicated in their letter will retain their on-time status if their FAFSA was received by the published preferred deadline of March 15 and all other required documents, if any, are submitted to the Financial Aid Office in a timely manner. Appeals received after the deadline, if approved, will be awarded on a funds-available basis regardless of the FAFSA receipt date. Appeals will be reviewed throughout the academic year. An appeal must be submitted at least two weeks prior to the end of a semester for which the student is out of compliance. An appeal submitted after the close of the semester, will be considered for the next semester only. Taking a semester off or paying for classes without financial assistance does not, in and of itself, re-establish financial aid eligibility.

Students who are academically separated from the University are not eligible for financial aid funds, unless they successfully appeal to the appropriate academic dean and are subsequently reinstated. If such a student has met the quantitative component of the SAP policy, no further appeal is required, and financial aid can be reinstated. However, if the quantitative standard has not been met, the student must present an additional appeal to the Satisfactory Progress Committee.

**ONLINE COURSES (DISTANCE EDUCATION)**

Johnson C. Smith University (JCSU) is dedicated to educating individuals whose accomplishments demonstrate a high level of initiative, exhibit principled moral and ethical values, and possess the emotional and social maturity needed to thrive in a scholarly environment. The student who flourishes at Johnson C. Smith University has a history of academic success, is self-motivated, and is committed to lifelong service to his/her community.

JCSU’s online courses have the same outcomes and objectives as courses which are offered on the campus, and therefore require as much commitment to learning as does any on-campus course. However, online learning allows the student to receive college course instruction regardless of time and location. Students are challenged through online lectures, discussions, writing assignments, projects, and exams, just as in face-to-face instruction. All work is completed electronically during either an eight week or sixteen-week academic period.

Online learning is flexible and convenient but also requires that students exercise time management, log into class on a regular basis, be an active participant, and maintain open lines of communications with fellow students and the instructor. Students who participate in this virtual learning environment are also expected to be familiar with Johnson C. Smith University’s policies and procedures, as well as these guidelines established for the matriculation of online, hybrid, or web-enhanced on-ground courses.

The Online Student Handbook is intended to assist students as they successfully complete their online, hybrid, or web-enhanced courses at Johnson C. Smith University (JCSU). This handbook provides the online student with JCSU’s online requirements, policies and procedures, and processes. It serves as a supplement to the University Catalog, the Student Handbook, and other academic resources you may find on the university’s website (www.jcsu.edu). The Online Student Handbook is found within the general course information module of each online and hybrid course offered through the Canvas learning management system (http://jcsu.instructure.com).
CAMPUS POLICE

The Campus Police Department (CPD) provides a safe campus conducive to services that meets professional standards established for law enforcement agencies. As a result, it fosters the ongoing educational process by creating and maintaining a secure campus environment for students, faculty, staff, and visitors. The CPD is a law enforcement agency whose officers are certified by the North Carolina Criminal Justice Training and Standards and commissioned through the North Carolina Attorney General’s office. The CPD operates 24 hours a day, seven days a week, and complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). Campus crime reporting occurs on an annual basis as a result of collaboration with the Campus Police Department, local and state law enforcement agencies, faculty, staff, students, and visitors to the University. In an effort to reduce the number of incidents on campus, the CPD provides crime prevention news releases, educational workshops, new student orientation programs, outreach programs, email blasts, and emergency notifications that are utilized to foster community awareness.

The University maintains a safety and security program through the Office of University Campus Police to safeguard persons and property in the campus community. The CPD responds to calls in any situation where the safety or security of a member of the University community is threatened, including incidents involving unauthorized visitors, prowlers, and disturbance of the peace. Such incidents should be immediately reported to CPD. University officials should also be promptly notified as appropriate.

Campus Police officers are authorized to take necessary measures to ensure effective and efficient performance of their duties. Students must give proper recognition to the CPD staff as authorized and duly deputized officers of the University. Failure to comply with campus police officers or other University officials acting in their official capacity constitutes a violation of the University’s Standards of Conduct and will subject the student to disciplinary action. The Campus Police Department is located in the Administrative Support Cottage.

VEHICLE REGISTRATION AND PARKING

REGULATIONS FOR OPERATING MOTOR VEHICLES

All motor vehicles owned or operated on campus by students, faculty, and staff must be registered with the University Campus Police each semester. Parking permits must be purchased and displayed for a student to have access to on-campus parking facilities. Parking decals cost $60 a year and will be prorated for just the summer months at $30. Failure to register a vehicle or violation of the regulations governing operation and parking of vehicles will result in a fine, boot, and/or towing of the vehicle, as well as other possible disciplinary actions. Freshmen students who reside on campus are not permitted to register or operate vehicles on the campus.

The University parking decal should be displayed as instructed by the Campus Police Department. Students are expected to obey all parking and traffic signs on the campus and to be especially mindful of spaces reserved for disabled persons, faculty, staff, and visitors.

Fines for traffic and parking violations vary depending on the offense. Citations must be paid in the Office of Business and Finance as directed on the citation. Failure to do so will subject the student to additional citations, fines, and penalties. Students who are suspended
or expelled from the University must pay all outstanding traffic and parking citations prior to departure.

**SEARCH OF MOTOR VEHICLES**

Searches of motor vehicles registered or operated on the campus may be conducted on the grounds of reasonable suspicion that weapons (including, but not limited to, rifles, shotguns, ammunition, handguns, air guns, BB guns, and other firearms; bowie knives, daggers, switchblade knives, and metallic knuckles); explosives (such as firecrackers, dangerous chemicals); drugs; or contraband are present in the vehicle, or when there is reasonable suspicion that the person who owns, operates, or registers the vehicle is in violation of University policies and/or criminal law. Upon receipt of a report of reasonable suspicion, the Dean of Students may initiate a search of the vehicle on campus or authorize a search by campus security officers or another University official. To the extent possible, the student operating the vehicle or the student to whom the vehicle is registered will be asked to accompany the official(s) and be present for the search. If the vehicle is not locked, a search may be initiated without permission, and the weapons, explosives, drugs, contraband, and/or other items confiscated.

If a report involving reasonable suspicion is received by the Campus Police Department that indicates a search is immediately necessary, it may be conducted by University Campus Police officers without authorization from the Dean of Students.

If a student fails to comply with a request from a University official to give access to his or her vehicle for the purpose of conducting a search, the University will pursue disciplinary action, up to and including immediate suspension or expulsion from the University. When registering a vehicle on campus, the student gives the University permission to inspect his or her vehicle on campus upon the reasonable suspicion that he or she is in violation of University policies and/or criminal law and/or that weapons, explosives, drugs, or contraband are present in the vehicle.

The more we know about your needs and concerns, the better we can fulfill them. Whether you need a special service, have a large mailing, or are sending/receiving an unusual parcel, please let us know in advance.
STUDENT MAILING ADDRESS

All packages and mail, including magazines, newspapers, compact disc/video clubs, and correspondence from business and organizations must include your UPO box number in the address. The format for your JCSU address is:

Your Name (No nicknames please)
Johnson C. Smith University
100 Beatties Ford Rd.
UPO # (No Dorms or Halls)
Charlotte, NC 28216

If you should receive mail or packages without your box number, the Post Office will look up your UPO number and affix it to your mail. This slows down the receipt of your mail, so it is important to advise your mailers of the importance of adding your UPO number to your mail or packages.

Mail is typically delivered to mail boxes by noon on weekdays. This schedule may vary depending on mail arrival time and during holidays, when mail and package volume increases significantly. A sign will be posted to announce time adjustments.

MAIL BOX ACCESS

Every validated student residing on campus is required to have a mail box assigned to them. If you do not have a mail box, go to the University Post Office with your validation and student ID Card and request one. You will be assigned a mail box and a four-digit access code for entry into your mail box, which you will keep until you permanently leave campus or move your residence off campus. If you forget your mailbox access code, one of the Post Office clerks will provide it.

You will be charged a $1.00 fee after the first request each semester.

PERSONAL MAIL BOX ACCESS

Mail is available when the Student Union Bull Pen is open. All you need is your access code. If you receive notification of a package via email, you will only be able to retrieve it during University Post Office business hours. Hours of operation are posted.

Visit your mail box and empty it at least weekly. Failure to do so could result in your mail being returned to the sender as unclaimed.

PACKAGES

If you receive a package an email alert will be sent to your University email address. The JCSU Post Office accepts packages delivered to the University from the U.S. Postal Service, UPS, FedEx and DHL. To claim packages at the University Post Office, bring your student ID during business hours. All unclaimed packages will be returned to the sender 14 days after delivery.

JCSU IDENTIFICATION CARD

Each student and employee of the University is issued a campus identification (ID) card. The campus ID card serves as proof of status with Johnson C. Smith University. Depending on status, the campus ID card provides access to many resources provided by and available through the University community such as dining hall meals, bookstore charging, access to buildings, use of the University libraries and athletic facilities, and a Bull Bucks program for certain purchases.

All students and employees must maintain and carry a current campus ID card for the entire period that they are affiliated with the University. The cardholder is responsible for the care and safekeeping of the campus ID card. The campus ID card should be protected and carried by the cardholder at all times. Protecting the campus ID card reduces the risk of abuse related to privileges and funds and extends the life of the card. Holes should not be punched in the campus ID card and the use of stickers, pins, or other items affixed to the campus ID card is prohibited. The magnetically encoded information on the campus ID card may be protected by keeping the card away from magnetic fields. No one other than the person to whom the card is issued is to use the campus ID card. The campus ID card is the property of the Johnson C. Smith University and must be presented upon the request of an appropriate University official and may be revoked at any time by the University.

Once the initial ID Card has been printed for a student, it is the students’ responsibility to take care of their Identification card. If the identification card is lost, stolen, or damaged in any way, it is the students’ responsibility to replace the card. Beginning Aug. 1, 2017 all new campus ID cards will have a proximity chip promoting greater security. In addition, replacement card costs will be $15 as of Aug. 1, 2017 as well. The new fee will aid in expanding the features of JCSU’s One Card Program. The fee must be paid to the Business Office and the receipt of payment presented to the Information Technology Department at the time a replacement ID card is made. Returning, continuing, and any new students who requests a replacement ID card must pay the fee of $15.00 for the replacement.

Any transfer, alteration, falsification, or forgery of a campus ID card constitutes a violation of University policy and may result in disciplinary action. In addition, fraudulent or illegal use of the campus ID card may result in criminal charges and/or civil proceedings.

**DINING SERVICES POLICIES AND REGULATIONS**

Welcome to JCSU Dining Services managed by Perkins Management Services Company. It is our privilege to serve you. The “Perkins Promise” commits us to offering students a quality dining experience through our platform, the Millennium Café’. To meet your expectations, we have established dining services policies and regulations at facilities we manage on and off campus.

1. You must use your JCSU ID card to enter the cafeteria during dining services hours covering breakfast/brunch, lunch, and dinner. Students without a valid ID card must report to the Business Office to pay for a new ID card and then take the receipt to the Department of Information Technology, located in the Rufus Perry Science Hall Room 205, to have a new ID created.
2. You are not permitted to give your JCSU ID card to anyone else to use for obtaining services or entry into any dining facility on or off campus managed by Perkins Management Services. On the back of the ID card, it states: “This card is governed by Johnson C. Smith University regulations; it is nontransferable.”
3. You must carry your JCSU ID card at all times while on University property or when seeking entry into any event sanctioned by the University. You must provide
your ID card upon request by a University faculty, staff, or dining services management team member.

4. No entry is permitted through the rear doors into the cafeteria at any time. No student is allowed to open the rear doors in the cafeteria for someone seeking entry. Anyone entering the cafeteria through the rear doors will be directed to leave and will be subject to the Judicial Board for disciplinary actions for unauthorized entry.

5. Anyone caught with another student’s JCSU ID card will be asked to surrender it and will be referred to the Judicial Board for disciplinary action, along with the person who gave them their ID card for fraudulent use in dining services.

6. Any student seeking to return to the cafeteria after using the restroom must first speak to a dining services management team member to notify that they need to leave the cafeteria and would like to return. The student will then be required to use the restrooms located in front of the cafeteria across from the SGA office.

7. Students should not seek entry into the cafeteria with food purchased in the Bull Pen or from other location on or off-campus.

8. All students and guests are required to clear their table and deposit trays in the proper location before leaving the dining hall. This is a stipulation of your meal plan contract. Absolutely no cups, dishes, bowls, plates, or utensils other than those utilized in the Eco to Go Program may be taken out of the cafeteria.

9. You may take one entrée at a time or visit any of your food concepts and then come back as many times as you like. This policy is designed to help eliminate waste, by preventing people from taking more food than they can eat. All food/beverages are to be consumed in the dining hall.

10. Unless you swipe your JCSU ID card for entrance into the cafeteria to eat, please do not request entry to look for or visit with someone.

11. As a residential student with a meal plan, you are entitled to a declining balance fund called “JCSU Flex Dollars”. Those declining funds can be used at any of the University dining locations (Burger King, Red Mango) operated by our on-campus food service vendor, Perkins Management Services Company. Another option that is available to off-campus student along with on-campus students is the “Bull Bucks” declining balance. With the Bull Bucks option, students are able to deposit funds unto this account and utilize those funds at the on-campus coffeehouse called KoKoMo’s Coffeehouse.

12. Your decline balance funds that is linked with your student meal plan are non-transferrable between semesters. You must use your funds each semester. At the beginning of each semester, you will be allocated declining balance funds based on your meal plan.

13. Double-swiping any JCSU ID card for a guest is prohibited. If you bring a guest to the cafeteria, you must use your declining balance, cash, or credit card to pay for their meal. You are responsible for your guests’ compliance with all dining service rules and regulations.
14. Problems should be reported immediately. We are here to serve you and will sit down and discuss the dining services program at any time. Feel free to see Perkins Management.

15. Every student has the responsibility to follow these policies which are designed to help us provide the best dining services program possible. Campus dining privileges are contingent upon compliance with dining services’ rules and regulations. Failure to adhere to the rules and regulations could result in meal privileges being suspended and/or matters being turned over to the Judicial Board for review.

POLICY & PROCEDURES CONCERNING SEXUAL ASSAULT, HARASSMENT, DISCRIMINATION, STALKING AND RELATIONSHIP VIOLENCE AGAINST STUDENTS

It is the policy of Johnson C. Smith University (JCSU) to maintain an environment free from sexual assault; sexual harassment and discrimination; relationship violence and stalking in all of its educational programs and activities. JCSU seeks to create and maintain a safe environment in which all members of the University community—students, faculty and staff—can learn and work free from the fear of these offenses. Members of the University community (students, faculty, and staff) and University visitors are expected to comply with and abide by the University policies and procedures, as well as federal, state, and local laws, whether off campus or on campus. JCSU is committed to prevention and awareness education on all issues. It should be clearly understood that there is a fundamental difference between the nature and purpose of student discipline and criminal law. Regardless of the charge issued or procedures employed, sanctions issued by the University can be expected to be consistent with the educational mission of the institution.

JCSU is committed to investigating all possible violations of this policy about which the University knows or reasonably should know, regardless of whether a complaint alleging a violation of this policy has been filed and regardless of whether the conduct at issue actually occurred. The University’s ability to investigate in a particular situation, or the extent of an investigation in any given situation, may be affected by any number of factors, including whether the complainant is willing to file a complaint or to consent to an investigation, the location where the alleged conduct occurred, and the University’s access to information relevant to the alleged or suspected violation of this policy. In order to protect a victim’s confidentiality and anonymity, a victim can make a confidential report about the incident, including identification of the assailant if known, at any time, whether legal or disciplinary action is desired.

Both men and women may be victims of sexual assault, sexual harassment and discrimination, relationship violence and stalking. Any behavior determined to constitute sexual assault; sexual harassment and discrimination; relationship violence and stalking will be treated as a serious matter and will subject an individual to appropriate disciplinary actions and/or criminal sanctions.
DEFINITIONS

Sexual Assault is any non-consensual physical contact of a sexual nature, whether by an acquaintance or by a stranger, is a sexual assault. Physical resistance need not occur to fulfill the definition of sexual assault. Sexual assault does not require that a person explicitly say “no” to his or her attacker. Sometimes people are unable to give consent because they are unconscious, asleep or under the influence of alcohol or drugs. Consent CAN NEVER be given by anyone under the age of sixteen. Sexual assault includes, but is not limited to the following:

- rape,
- acquaintance rape, (friend, classmate, peer, co-worker, partner, etc.)
- date rape, (involves sexual assault by someone the victim has seen is dating.)
- Acquaintance gang rape, (involves sexual assault by more than one person and at least one of whom is known by the victim.
- incest,
- sexual assault with an object,
- forcible sodomy,
- forcible oral sex, and
- forcible fondling

Relationship Violence, also known as “Intimate Partner Violence,” means violence committed by a person who is, or has been, in a relationship of a social, romantic or intimate nature with a victim. The existence of such a relationship is to be determined by the length and type of a relationship and the frequency of interaction. Some examples of abusive behavior include: physical, emotional, psychological, financial, and sexual abuse.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress. Examples of stalking behaviors include, but are not limited to: unwanted excessive calling or texting, monitoring behavior, taking excessive and invading pictures, physical closeness, or following through social media.

Technology-aided Stalking, also known as “cyber stalking,” generally consists of persistent offensive, disturbing or threatening communication through a variety of types of technology, including, but not limited to, the Internet, e-mail, chat rooms, or instant messaging or through other electronic means, such as cellular telephones or pagers. “Cyber” stalkers easily disguise themselves by adopting several false identities and then harass the target through unsolicited e-mails, disturbing private or public messages on bulletin boards or in chat rooms, and communiqués of threats.

Sexual harassment is any unwelcome sexual advance, request for a sexual favor and/or any other verbal or physical conduct of a sexual nature when:

- Submission or rejection of such conduct is made implicitly or explicitly a term or condition of an individual's employment, academic standing, instruction or education; and/or
• Submission to or rejection of such conduct by an individual is used as the basis for evaluation in making employment or academic decisions affecting the individual; and/or

• Such conduct has the purpose or effect of substantially interfering with an individual's employment, academic performance or living conditions by creating any intimidating, hostile or demeaning environment.

Acts that constitute sexual harassment take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to, unwelcome sexual propositions, invitations, solicitations and flirtations; unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene phone calls; unwelcome and inappropriate touching, patting, pinching, or obscene gestures.

Gender Based Harassment is verbal, nonverbal, graphic, or physical aggression, intimidation, or hostile conduct based on sex, sex-stereotyping, sexual orientation or gender identity, but not involving conduct of a sexual nature when such conduct is sufficiently severe, persistent, or pervasive that it interferes with or limits a person’s ability to participate in or benefit from the University’s education or work programs or activities. For example, persistent disparagement of a person based on a perceived lack of stereotypical masculinity or femininity or exclusion from an activity based on sexual orientation or gender identity also may violate this Policy based harassment that is committed.

Healthy sexual activities involve mutually expressed consent. “Consent” means clear, knowing and voluntary approval given by words or demonstrated actions to engage sexual activity (sexual act, sexual contact, or sexual exploitation). This decision must be made freely and actively by all participants. Consent has not been obtained in situations where someone:

• Is forced, threatened, pressured, intimidated, manipulated, or has reasonable fear that they or another will be injured if they do not submit to the sexual activity;

• Is unable to give consent or is prevented from resisting due to sleep, involuntary physical restraint, or under the influence of drugs and alcohol;

• Has a mental or physical disability which inhibits their activity to give consent.

Consent exists when both individuals are physically free and capable of acting and are clear about their intent to engage in sexual activities and their willingness and capacity to do so. Silence may not, in and of itself, constitute consent and past consent of sexual activities does not imply ongoing future consent.

The use of alcohol and other drugs, in conjunction with a sexual offense, does not mitigate accountability for the commission of the offense, or diminish the seriousness of the offense. When determining responsibility and appropriate sanctions, university administrators will consider the extent to which alcohol or other substances were used with the intent of harming another individual.
**DATING VIOLENCE, INTIMATE PARTNER AND DOMESTIC VIOLENCE**

JCSU will not tolerate dating violence, intimate partner or domestic violence. Victims are encouraged to report all incidents and violations to campus law enforcement officials, the Title IX Coordinator or any JCSU employee or law enforcement agency with appropriate jurisdiction and avail themselves of all the services and rights to which they are entitled by law. The privacy of individuals who make reports of possible violations of this policy, who are accused of violating the policy or who are otherwise involved in the reporting or investigatory process, will be respected to the fullest extent possible. Likewise, information obtained during the course of the University’s investigation and resolution of possible violations will be handled as confidentially as possible.

Dating Violence exists when a person is, or has been, in a relationship of a social, romantic or intimate nature with a victim. The existence of such as relationship is determined by the length and type of a relationship and the frequency of interaction.

“Domestic Violence” is a felony or misdemeanor crime committed by a current or former spouse of the victim; a person the victim has a child with; and individual who lives, or has lived, with the victim as a spouse, or a person similarly situated to a spouse; and any other person committing an act against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the state of North Carolina.

Victims are encouraged to contact JCSU Counseling Services and/or JCSU I MATTER Program for assistance with safety planning, even if she or he chooses to remain with the abusive partner or can contact our community partner Safe Alliance at (704) 375-9900 to report an incident which can provide confidential services. If a victim wishes to leave the abusive partner, she or he is urged to seek assistance and engage in safety planning, since research has shown that risk of harm increases during the time immediately following separation. Some examples of abusive behavior include physical, emotional, psychological, financial, and sexual abuse. No police report is required for a victim to receive assistance.

**STALKING AND TECHNOLOGY-AIDED STALKING AND HARASSMENT**

JCSU will not tolerate stalking or technology- aided stalking, also known as cyber-stalking and harassment. Technology-aided stalking is equally as serious as conventional stalking and is included in most statutes addressing stalking. It is important to note that a person may be guilty of the offense of stalking even if the behavior does not include actual threats of violence. University personnel should advise victims of their right to report and fully disclose incidents(s) of stalking to campus law enforcement officials, JCSU Faculty/Staff or law enforcement agencies with appropriate jurisdiction and avail themselves of all the services and rights to which they are entitled by law.

**RACIAL HARASSMENT**

It is the policy of Johnson C. Smith University to conduct and provide programs, activities, and services to students, faculty, and staff in an atmosphere free from racial harassment. Racial harassment is any behavior that would verbally or physically threaten, torment, badger, heckle, or persecute an individual because of his or her race.
Racial harassment of University faculty, staff, students, or visitors is prohibited and shall subject the offender to appropriate disciplinary action. This policy includes conduct between students.

Students who feel they have been subjected to racial harassment can seek advice from the Counseling Center. A formal complaint against a faculty or staff member must be filed with the faculty or staff member’s immediate supervisor. If a student is not satisfied with the response from the supervisor, that employee’s supervisor may then be contacted. The student, if continuously dissatisfied with the response to his or her complaint, can ultimately go all the way to the Council of Deans with his or her complaint. Complaints against another student must be filed with the Office of Student Success, which will investigate the alleged incident.

The use of alcohol and other drugs, in conjunction with a sexual offense, does not mitigate accountability for the commission of the offense, or diminish the seriousness of the offense. When determining responsibility and appropriate sanctions, university administrators will consider the extent to which alcohol or other substances were used with the intent of harming another individual.

JCSU Counseling Services and/or JCSU I MATTER Program provides victims and the alleged accuser of their Rights. Victims and the Accused Rights may be found at the end of this policy. No police report is required to receive victim or accused advocacy services.

University personnel should always contact the Dean of Health and Wellness and/or Title IX Coordinator for guidance and to coordinate the transfer of care. University personnel should advise victims of their right to report and fully disclose incidents of sexual offenses to the police. If the incident occurs in University housing, victims are also encouraged to contact Residence Life staff.

REPORTING INCIDENTS OF SEXUAL ASSAULT AND OTHER FORMS OF VIOLENCE

Obtaining assistance after a student is sexually assaulted, harassed, stalked or is in an abusive relationship is extremely important and can involve different points of on-campus contact for students, faculty and staff, including the Campus Police, and Counseling Services, and/or the Dean of Health and Wellness. Each provides different forms of assistance which together address many of the needs of survivors.

CONTACT LAW ENFORCEMENT PERSONNEL IMMEDIATELY

JCSU urges any student who has been the victim of a sexual assault or other act of violence or abuse, or any student or employee who has witnessed a sexual assault or other act of violence against a student, to immediately report the incident to Campus Police if the attack occurred on-campus, or to call 911 or go to the local CMPD precinct if the incident took place off-campus.

SEEK IMMEDIATE MEDICAL ATTENTION

It is critical that victims of a physical assault receive comprehensive medical attention as soon as possible. For a sexual assault in particular, immediate treatment and the preservation of evidence of the attack (i.e. retain the clothing worn during the attack and do not shower) is crucial to a criminal investigation. If a student believes that she/he may be the victim of date rape by being drugged, she/he should go directly to a hospital to
receive a toxicology examination since such drugs only remain in a person’s system for a short period of time. In all circumstances, Campus Police can assist the victim in obtaining medical care.

**SEEK ON-CAMPUS ASSISTANCE**

JCSU encourages student victims to contact the Dean of Health and Wellness to obtain assistance in accessing counseling services, or to make any necessary changes to the student’s academic program or residential housing situation.

**OBTAINING AN ON-CAMPUS ADVOCATE**

Student victims of any offenses this policy covers shall be provided with on-campus support in the form of an advocate from the JCSU I MATTER or an appropriately trained counselor to assist them in handling the various aspects of their ordeal, such as: 1) explaining to victims their options of whether or not to report the incident to campus or law enforcement authorities; 2) providing guidance if they require medical attention; 3) providing guidance in obtaining crisis intervention and/or ongoing counseling services (or a referral to obtain the necessary services if such services are not available on campus); and 4) assisting victims throughout the University’s disciplinary process from initial complaint to completion.

Victims are encouraged to contact JCSU Counseling Services and/or JCSU I MATTER Program for assistance with advocacy services. If this is a situation in which relationship violence exists and a student chooses to remain with the abusive partner, she or he can contact our community partner Safe Alliance at (704) 375-9900 to report an incident. Safe Alliance can also provide confidential services. If a victim wishes to leave the abusive partner, she or he is urged to seek assistance and engage in safety planning, since research has shown that risk of harm increases during the time immediately following separation. Some examples of abusive behavior include physical, emotional, psychological, financial, and sexual abuse. No police report is required for a victim to receive assistance.

**REPORTING PROCEDURES**

JCSU is aware that offenses covered under this policy are difficult subjects to address with sensitivity and objectivity. The institution is concerned with the rights of all members of its community. All parties to a complaint are entitled to fundamental fairness in the handling of the complaint. Individuals are encouraged to report any incident of a sexual offense and to obtain the support and assistance of friends, family and faculty/staff in presenting their concerns.

JCSU is committed to investigating all possible violations of this policy about which the University knows or reasonably should know, regardless of whether a complaint alleging a violation of this policy has been filed and regardless of whether the conduct at issue actually occurred. The University’s ability to investigate in a particular situation, or the extent of an investigation in any given situation, may be affected by any number of factors, including whether the complainant is willing to file a complaint or to consent to an investigation, the location where the alleged conduct occurred, and the University’s access to information relevant to the alleged or suspected violation of this policy.

The privacy of individuals who make reports of possible violations of this policy, who are accused of violating the policy or who are otherwise involved in the reporting or investigatory process, will be respected to the fullest extent possible. Likewise, information
obtained during the course of the University’s investigation and resolution of possible violations will be handled as confidentially as possible.

The University strongly encourages persons who have been sexually assaulted to report the assault, to seek assistance, and to pursue judicial action for their own protection and that of the entire campus community. When conducting the investigation, the university's primary focus will be on addressing the sexual assault and not on other university policy violations that may be discovered or disclosed. Anyone who has been sexually assaulted may choose to pursue both criminal prosecution and university judicial disciplinary processes. To preserve evidence for the option of pursuing criminal prosecution or university internal disciplinary processes, a person should report the sexual assault to the university and/or the local police. Choosing not to pursue university or criminal action, however, does not remove the responsibility of the university to investigate and/or take action.

**TITLE IX COORDINATOR(S)**

Any inquiries regarding Title IX or this policy should be directed to one of the University’s Title IX Coordinators. These Coordinators will be available to meet with students regarding issues relating to Title IX and this policy.

**INFORMAL REPORTING**

Any student who believes he or she has been a victim of sexual harassment or sexual assault may discuss the matter with a counselor in the Counseling Center. The role of the counselor is to make the student aware of University and community resources, to listen and provide assurance of confidentiality to the extent permissible by law; to advise the student about procedures for filing formal complaints and criminal proceedings; and to support the student. The functions of the counselor are informal and advisory, aimed solely at aiding complainants in determining if incidents are described herein constitute grounds for complaint and, if so, how such complaints are to be filed. The counselor will neither investigate nor adjudicate complaints of sexual harassment or sexual assault.

**FORMAL REPORTING**

Incidents of sexual harassment or sexual assault should be reported to the Title IX Coordinator or the Deputy Title IX Coordinator as soon as possible after the alleged act occurs. Once the Title IX Coordinator or Deputy Coordinator has received a report of sexual harassment or sexual assault, he or she will contact and involve law enforcement as necessary and appropriate.

The complainant also has the right to file civil or criminal charges with the appropriate law enforcement agency. Any pending criminal investigation or criminal proceeding may have some impact on the timing of the University’s investigation, but the University will commence its own investigation as soon as it is practical under the circumstances.

The University reserves the right to conduct its own investigation prior to the completion of any criminal investigation or criminal proceeding, and the University may proceed with disciplinary action regardless of criminal or civil prosecutions pending in court. The imposition of University disciplinary action is independent of any action taken in the criminal and civil courts and may occur prior to a court’s action.
The Title IX Coordinator, Deputy Coordinator, or his or her designee will conduct an investigation with other appropriate University officials, including law enforcement. The University will strive to complete all investigations within 60 days of the date the complaint was filed or the date on which the University became aware of a suspected violation of this policy, unless the University determines that more time is needed to complete the investigation. In connection with any investigation, the complainant and the accused are encouraged to provide as much information as possible.

**HANDLING SEXUAL ASSAULT, SEXUAL HARASSMENT/DISCRIMINATION, STALKING AND DOMESTIC AND INTIMATE PARTNER VIOLENCE COMPLAINTS ON-CAMPUS**

The University shall act promptly in response to information that a student has been sexually assaulted, sexually harassed/discriminated or has been the victim of domestic or intimate partner violence or stalking by another member of the JCSU community. Upon formal or informal knowledge of a sexual offense, formal written notification should be made to the Title IX Coordinator or Deputy Coordinator within three (3) business days of such knowledge. If there is sufficient information provided, an investigation will occur by the Title IX Coordinator, Deputy Coordinator or designee. If it appears that there is sufficient evidence to warrant disciplinary charges against a student or staff member, such charges shall be brought pursuant to the appropriate University procedures. If the alleged accuser is a student and the matter is brought before the Special Judicial Affairs Panel, the victim and accused are entitled to the same opportunities to have others present and to be informed of the outcome of the proceedings. The victim and the accused are entitled to a report of the results of the proceeding in writing simultaneously, to include the outcome of any disciplinary procedures arising from the allegations, procedures for appealing the results of the proceedings, any changes that occur prior to the time the results become final, and the final determination. If a student is found Responsible for committing a sexual assault or other act of violence against another JCSU student or employee after a disciplinary hearing, the penalties may include suspension, expulsion from residence halls, and permanent dismissal from JCSU.

In addition, if during the course of the investigation and/or disciplinary process the accused, or anyone on his/her behalf, seeks to contact the victim so as to harass, intimidate, threaten or coerce the victim in any way, the University reserves the right to bring additional disciplinary action against the actor. Such conduct by any member of the JCSU community will not be tolerated.

The University reserves the right to suspend or place on immediate administrative leave any member of the campus community accused of violating this policy, or to take any other interim measures the University deems appropriate, pending the outcome of an investigation and/or disciplinary procedures. The President of the University may also suspend any student organization’s charter pending a full review.

**CONFIDENTIALITY**

Any student may discuss the matter with any faculty/staff or University representative. Students are encouraged to see a Counselor in the Office of Counseling Services. The University recognizes that confidentiality is particularly important to victims of sexual
General Policies and Procedures

offenses, dating violence, and domestic violence. If the victim seeks counseling with a licensed professional and/or works with an advocate from the campus, those communications will be confidential. JCSU encourages victims in all circumstances to seek counseling in order to speak about her/his options and to begin the recovery period.

When a report of conduct covered by this policy is made, both the accused and the accuser, and all identified witnesses who are named in the investigation, will be notified of the University's expectation of confidentiality. Breaches of confidentiality or retaliation against the person bringing the complaint, any person assisting with the investigation, or the person(s) being charged with the complaint, will result in disciplinary review. The University will make all reasonable efforts to maintain the confidentiality of parties involved in sexual assault investigations. The role of the Counselor is to make the student aware of University and community resources, to listen and provide assurance of confidentiality to the extent permissible by law, and to provide the victim and the accused of their rights which are located at the end of this policy. The Counselor will neither investigate nor adjudicate complaints of violations covered under this policy.

**Parental/Legal Guardian/Partner Notification**

The University is committed to providing support to anyone involved in an offense covered under this policy. When there is a health or safety concern, the University may need to notify the parents, guardian, or partner of the individual involved in the offense covered under this policy. In making this determination, the University will consider the wishes of those involved, as well as their personal safety, and the safety of the campus community. In addition, when the victim is under the age of 18, (or under 21 and physically or mentally impaired) both privileged and limited confidential sources are generally required to report the abuse to the appropriate social service agency or the police.

**Privileged Communication Reporting vs. Limited Confidential Reporting**

Before selecting a reporting resource, you may want to consider the following information. Under the law, there is a difference between "privileged" and "limited confidential" reporting:

**Privileged Reporting** consists of those communications that legally cannot be disclosed, without the reporter's consent, to any other person, except under very limited circumstances such as an imminent threat of danger to self or others. When reporting to a privileged source, the information shared between the reporting person and the care provider is privileged and ordinarily will not be disclosed, even to other members of the university community such as Campus Police or the Office of Enrollment Management and Student Engagement.

Examples of privileged reporting resources include:

- Counseling Services Staff (Counselors, or Social Workers)
- University Health Service Staff (Physicians, Nurses, or Nurse Practitioners)
- Campus Clergy

**Limited Confidential Reporting** consists of those communications that will not be disseminated to others except on a need-to-know basis. Primary to a limited confidential reporting source is balancing the wishes of the reporting person while protecting the overall
university community and assuring the appropriate disciplinary measures are taken including criminal, civil, and administrative.

A limited confidential reporting source has the obligation to enlist designated campus resources to ensure that necessary steps are taken to protect the community as a whole and that appropriate disciplinary measures are considered and imposed. Such disclosures will be limited to a finite group of people all with the same confidentiality obligations. These steps will include investigating the assault and disclosing the confidential communications to others on a need-to-know basis. The university will take all reasonable steps to keep this information confidential.

Examples of designated limited confidential reporting resources include:

- Housing, Residence Life & Student Leadership and Engagement Staff
- Health and Wellness
- Campus Police or Any Police Authority
- University Faculty or Staff

Note: A friend or a peer who is not a privileged reporting source is considered a limited confidential source and may be required to report the sexual assault to the university or the police

**TIMELY REPORTING/CRISIS ASSISTANCE**

The university supports and encourages anyone who has been sexually assaulted to report the incident to the reporting source of their choice. Prompt reporting may preserve options that delayed reporting does not, including the preservation of physical evidence, crisis counseling, and immediate police response. However, those who delay reporting can report the incident at any time, understanding that this may rule out the collection of physical evidence.

The university recognizes that a person who has been sexually assaulted may choose not to report the crime to a limited confidential source or a privileged source. In those situations, the University allows an individual who has been sexually assaulted to file an anonymous report which allows the reporting person time to decide what course of action they want to take and also allows the crime to be counted in the campus crime statistics. To access this Silent Witness form, go to the University website at: http://old.jcsu.edu/redesign/academics/campuspolice/silentwitness.htm. Please note that even with anonymous reports, the university has an obligation to investigate; however, anonymous reporting may limit the ability to conduct an effective investigation. The University is committed to investigating all possible violations of this policy about which the University knows or reasonably should know, regardless of whether a complainant alleging a violation of this policy has been filed and regardless of whether the conduct at issue actually occurred.

While complete confidentiality cannot be guaranteed, every effort will be made to maintain confidentiality. Generally, the wishes of a victim not to report a sexual assault or incident of domestic/intimate partner violence or stalking to the police will prevail, though the University reserves the right to notify the police and the Title IX Coordinator when it believes that such reporting is necessary for the protection of the JCSU community. Such notification, however, will generally be done without divulging the victim’s identity and for the purpose of providing a campus-wide safety alert. In addition, the University must adhere to legal mandates such as Title IX, medical reporting laws, and the Campus Save
Act. For example, JCSU is required to make an annual security report documenting all occurrences of crimes on campus, including sexual offenses. However, this report does not include any information identifying the individuals (including the victims) linked to these crimes.

**SPECIAL PROCEDURES FOR HEARINGS INVOLVING SEXUAL ASSAULT, HARASSMENT, DISCRIMINATION, STALKING, AND RELATIONSHIP VIOLENCE**

Given applicable law and the sensitivities involved in alleged Student Standards of Conduct violations involving the offenses covered in this policy, the University will follow the general process discussed in the Procedures for Administrative Hearings and Judicial Affairs Board Hearings with the following exceptions:

- At the conclusion of the Title IX investigation, the Title IX Coordinator, Deputy Coordinator, or his or her designee will initiate appropriate judicial disciplinary proceedings under the University’s Judicial Affairs policy by making a referral to the Office of Judicial Affairs. In matters where the assailant is an employee of the University, the investigation’s findings will be sent to the Assistant Vice President for Human Resources, who will submit a report and a recommendation to the appropriate Vice President and the President.

- If a student selects an Administrative Hearing, the hearing will be conducted by the Chairperson of the Special Judicial Affairs Panel with proper oversight, guidance and participation by a University Title IX Coordinator as necessary and appropriate.

- If a student selects a full Special Judicial Affairs Panel hearing, the hearing will be conducted by the Panel, which has the requisite training and/or experience in handling these types of sensitive matters.

- Hearing procedures will be conducted with the utmost respect for preserving confidentiality and will be modified as necessary to comply with Title IX and to accommodate students who do not want to be present in the same room as the accused. Students may submit questions to the Special Judicial Affairs Panel in advance of the hearing but will not be permitted to personally question or cross-examine each other.

**APPEALS FROM DETERMINATIONS AND/OR SANCTIONS INVOLVING SEXUAL ASSAULT, HARASSMENT, DISCRIMINATION, STALKING, AND RELATIONSHIP VIOLENCE**

In connection with determinations made at a Special Judicial Affairs Panel Hearing involving offenses covered by this policy, the University will follow the general appeals process, except that both the accused student and the complaining student may appeal the determination reached and/or sanctions imposed. If no sanctions were imposed in connection with a determination, the appealing student should direct all appeals to the Dean of Students in accordance with the general appeals process outlined in the Judicial Affairs section of this handbook.
SANCTIONS

1. Individual student sanctions will be imposed in accordance with the University's Standard of Conduct. Any student found Responsible for a violation of the Sexual Assault, Sexual Harassment, Discrimination, Stalking and Domestic and Intimate Partner Violence Against Students Policy will face sanctions from a warning up to and including expulsion, depending on the severity of the incident, and taking into account any previous disciplinary infractions.

2. Organizations found to condone, promote, or be involved in offenses covered under this policy will have their University recognition withdrawn. Other possible actions include: (a) informing the national and regional offices of the organization about the activity; (b) prohibiting participation in campus activities, events and programs; (c) requiring relevant community service and/or participation by all members in sexual harassment/sexual assault awareness programs and (d) loss of all University privileges such as use of equipment, meeting rooms advertising space and on-campus fundraising.

3. Sanctions up to and including dismissal from employment may be imposed on employees found in violation of this policy; and sanctions up to and including dismissal from the University if a student.

**MEDICAL WITHDRAWAL**

Johnson C. Smith University is strongly committed to supporting students in achieving success in their academic and co-curricular endeavors. When issues related to a student’s health interfere with a student’s ability to successfully meet the requirements of their course
of study, it is the University’s policy to assist the student in withdrawing from the University for the purpose of focusing on those matters requiring attention. Prior to re-enrollment, it the University’s intent to provide students with information about resources, which may be of use to them as they resume their studies, and provide support where possible in order to optimize the likelihood of a successful return to the university.

**REASON FOR THE POLICY**

When issues related to a student’s health prevent a student from continuing their academic goals, it is the intent of the university to provide a mechanism whereby the student may withdraw from their studies and return to the university when able. In those circumstances where a student’s health causes a student to pose a threat to others or significantly pose a threat to themselves, this policy allows the University to involuntarily withdraw a student from the university.

**APPLICABILITY OF THE POLICY**

This policy applies to all undergraduate and graduate students at Johnson C. Smith University and is applicable for the entirety of the academic calendar, including summer semester. Procedures established by the University Health Center, Division of Health and Wellness and the Department of Athletics will be followed to determine the need for a Medical Withdrawal and/or impact of medical issues for students’ reenrollment.

**PROCEDURES**

**Medical Withdrawal**

1. Students who seek to withdraw from the University because of a physical or mental health condition must contact the Director of Health Services, Dean/Assistant Dean of the Division of Health and Wellness, or the Department of Athletics, Team Sports Doctor to discuss their intention to medically withdraw.
   a. All students should be aware that a medical withdraw may impact financial aid adjustments and should contact the Office of Financial Aid separately to discuss concerns.

2. Students who seek to withdraw from the University because of a physical or mental health condition of an immediate family member, must contact the Director of Health Services, Assistant Dean of the Division of Health and Wellness, or the Department of Athletics, Teams Sports Doctor to discuss their intention to medically withdraw.

   b. All students should be aware that a medical withdraw may impact financial aid adjustments and should contact the Office of Financial Aid separately to discuss concerns.

3. If medical withdrawal is an appropriate option based on the student’s meeting with the university doctor, Dean/Assistant Dean of the Division of Health and Wellness, Team doctor of designee, the students will be advised to submit a Medical Withdrawal Request form that may be obtained from the JCSU Web Portal.
If the student’s health condition is being managed by a clinician or medical provider outside of the University, the treating provider(s) must complete the bottom of the withdrawal form with dates of service and information regarding the student’s date to return to the University. In addition, the form must contain the student and provider’s signature for the purpose of verifying that the condition exist warranting consideration for a full medical withdrawal. Any information not provided may cause a delay or inability to make the appropriate health related determination upon student’s return.

1. Students who are granted a withdrawal after the close of the add-drop period because of physical or mental health will receive a “W” for all courses attempted during that semester or sub-term.

2. In situations where there are unresolved issues related to a student’s behavior/conduct and/or financial obligation to the university, a hold may be placed on the student record at the time of withdrawal.

3. Undergraduate and Graduate students receiving any financial aid should consult with the Office of Financial Aid about the potential financial impact of withdrawing. Any adjustments to the student’s account will be made in accordance with university policy.

**Involuntary Withdrawal**

1. The university may involuntarily withdraw a student from the university or required conditions for continued attendance when, as a result of a student’s health conditions are present:
   a. The student threatens the safety of others
   b. The student causes or threatens to cause significant property damage
   c. The student significantly disrupts the activities of the Johnson C. Smith University community.

3. If a student is involuntarily withdrawn from the university, the Dean/Assistant Dean of the Division of Health and Wellness in consultation with appropriate campus resources will make a determination regarding the length of separation from the University and describe the conditions under which the student may seek to return. The Office of the Registrar will place a Medical withdrawal hold on the student’s record until the student has been granted readmissions.

4. Students involuntarily withdrawn from class after the add-drop period will receive a “W” for all courses attempted during that semester.

**Re-Enrollment from a Medical Withdrawal**

It is the University’s intention to support students in a successful return to the university community when physical or mental health has necessitated withdrawal. Therefore,
students readmitting to the university on a medical withdrawal will follow the following procedures:

1. Students wishing to return to the university following medical withdrawal should complete the following steps, ideally 45 days prior to the semester start date:
   a. Notify the Director of the University Health Center, Dean/Dean of Health and Wellness, Department of Athletics or designee of his or her desire to return to the university.
   b. Submit a copy of a medical release form to the Director of Health Center, Dean/Dean of Health and Wellness or Department of Athletics, Compliance Officer.

2. Policies related to academic progress and standards maybe considered in determining the readiness to return.
3. Students are encouraged to meet with supportive resources including Director of the University Health Center, Dean/Dean of Health and Wellness, Department of Athletics or designee.

**FIRE EMERGENCIES**

**UPON DISCOVERY OF A FIRE**

1. Move toward the nearest designated fire/emergency exit and activate the alarm system. Activation of the system will signal the Fire Department and sound an evacuation alarm throughout the building.
2. If possible, without risking individual safety, isolate the fire by closing doors in the vicinity.
3. Residence hall occupants should use good judgment in any attempt to extinguish a fire. In case of small trash fires, use the appropriate fire extinguisher to extinguish the blaze. Ask the Residence Hall Counselor specifically about the firefighting equipment and procedures in your area. Report all missing and/or damaged fire extinguishers to the Resident Adviser or Residence Hall Coordinator.

   In case of fire from an electrical appliance, cut off the power only if it is safe to do so. Then extinguish the fire using an ABC dry chemical fire extinguisher. (Never use water on electrical fires!)

   If you encounter extreme heat and/or smoke, do not attempt to fight the fire. The accumulation of toxic smoke can be deadly.
4. When firefighters arrive, information about the type of fire, its location, and the possibility that persons may be trapped in the fire should be reported to the incident commander. Unless the firefighter authorizes you to assist in evacuation or handling firefighting equipment, go to your designated evacuation area and remain there until given permission to return to the building.
EVACUATION WHEN ALARM ARE SOUNDED

Evacuation of University buildings is mandatory when a fire alarm sounds. This regulation is an order of the State Fire Marshal.

**Persons with Disabilities:** Disabled students in an academic environment will be assisted by University officials. Residence Hall Coordinators and University Campus Police will assist persons with disabilities in the residence halls.

1. When the alarm sounds, close any open window in your room. If feasible, take a damp hand towel and flashlight with you in case you encounter smoke or darkness along the evacuation route.

2. If your room door is closed, do not open it until you feel the surface. If there is heat or thick smoke present, remain in your room and wait for assistance. Open the windows if breathing becomes difficult. Do not break the windows, as this may help spread smoke into your room. Your room door will provide some protection as long as it remains closed. If there is no heat present, open the door slowly and leave the room, going out through recommended fire evacuation routes. Avoid smoke at all times. If necessary, change from one stairwell to another to avoid passing through the smoke.

3. Upon leaving the building, go to your assigned area. Remain there until you are given permission to return to the building.

   The evacuation area shall be at least 50 feet from the building. Roll call will be taken and confirmed for the Fire Department commander at the scene. Residents are to remain orderly and in designated areas until instructed by Residence Life staff, Fire Department, local authorities, or University Campus Police to return to their building.

   It is suggested that if residence hall staff are not present, the first student on a hall to discover a fire or hear the alarm will assume responsibility and order immediate evacuation of the building.

   Staff members must investigate, as best as possible without endangering their welfare, to determine whether there is a fire.

4. University Campus Police should be contacted and notified that the fire alarm has been activated.

5. If it is determined there is a fire, the Fire Department will be contacted (via 911) immediately, followed by the Coordinator of Housing Services and Operations and the Dean of Health and Wellness.

**Bomb Threats:** The same procedures for evacuation in fire emergencies must be followed in evacuations following a bomb threat (See the Fire Emergencies Section).

The same procedure for evacuation in fire emergencies for disabled persons must be followed in evacuation following a bomb threat (See the Fire Emergencies Section).
WEATHER EMERGENCIES

If the fire alarm is activated, the building must be evacuated immediately.

The same procedures for evacuation in fire emergencies must be followed during an evacuation following a weather-related emergency (See the Fire Emergencies Section).

Weather-Related Closing/Delayed Opening: Based on impending or existing weather conditions, the President or his/her designee will make the decision whether to close the University, delay opening, or evacuate the campus. In making this decision, the President will consult with appropriate University and weather officials regarding existing or impending weather conditions.

If the decision is made to close, delay opening, or evacuate the campus, the President shall notify the Director of Public Relations, who will apprise the Vice Presidents. It is the responsibility of the Vice Presidents to notify the appropriate officials within their respective Divisions.

PUBLIC ANNOUNCEMENTS

The Director of University Communications and Marketing will make students, staff, faculty, and the public aware of a campus closing, evacuation, or delayed opening through local broadcast media (TV), text, and voicemail via Blackboard Connect, JCSU’s email system, and the University website.

The following television and radio stations will be contacted:

TV:
- WSOC-TV Channel 4
- WBTV-TV Channel 2
- WCNC-TV Channel 6
- News Channel 14

RADIO:
- WPEG FM, 97.9

Other broadcast media shall also be contacted; however, the above stations will serve as the University’s primary reporting media. Faculty, staff, and students are advised to tune into one of the stations indicated above to obtain official information. When possible, television and radio stations will be notified no later than 6:00 a.m.
FIRE SAFETY POLICIES AND REGULATIONS

PREVENTION

JCSU students are required to abide by regulations prescribed by the State Fire Marshal and the University’s Campus Police and Facilities Offices. Appropriate disciplinary measures will be administered to protect persons and property from fire.

1. Tampering with firefighting equipment when no emergency exists endangers occupants and damages property. Any person suspected of sending a false fire alarm will be referred to the Dean of Students for appropriate judicial action.

2. University housing foyers, stair landings, and hallways are to be kept clear of unauthorized items such as furniture, curtains, bicycles, and storage containers. No items may be placed in such a way that they impede emergency evacuation of the building.

3. Hallway and stairwell doors provide a critical barrier to the spread of smoke and heat. These doors should not be propped open or blocked at any time.

4. Christmas trees must not be placed indoors any longer than 14 days prior to the end of the fall semester. All trees must be removed from buildings before occupants vacate at the end of the semester. All trees shall be made of or treated with flame retardant material and kept flame resistant regardless of height.

5. No flammable liquids are permitted inside University buildings, in personal vehicles on the campus, or in University motorized vehicles.

6. No candles, incense, cigarette lighters, or open flame devices, are permitted inside University buildings.

EVACUATION WHEN ALARM IS SOUNDED

Evacuation of University buildings is mandatory when a fire alarm sounds. This regulation is an order of the state Fire Marshal. Students should refrain from using earphones while sleeping or engaging in activities that will obstruct their ability to hear the alarm. Policies regarding the procedures for evacuating a building are included in the section on Campus Emergency Procedures.

FIRE ALARMS

Individuals on campus sometimes send a false fire alarm. Such persons threaten the safety of all persons by causing the unnecessary evacuation of buildings. Therefore, all persons in University buildings should watch for anyone tampering with pull boxes or other parts of the alarm system (including the alarm boxes on exit doors).

Any student who tampers with or causes any damage to a pole, wire, insulator, alarm box, fire door, or smoke/fire detector, or gives a false alarm from such a box of any fire or police alarm system will receive the designated disciplinary sanctions and be subject to prosecution in accordance with local, state, and federal laws.
SETTING FIRES

Because of the threat to safety and damage to property, setting fires as a prank is considered felony arson. A person found to have set a fire will receive the appropriate disciplinary sanction and will be subject to prosecution in accordance with local, state, and federal laws.

SNOWBALLS/SNOW FIGHTS

It is not unusual for Charlotte to get snow during the winter. Students are expected to behave in a mature and non-destructive way while enjoying it. There are times when students want to have fun by throwing snow at others. As a result, people have been injured from snow being thrown at them in snowball fights. Throwing snowballs at unwilling individuals, vehicles, buildings, University Campus Police, or other officials, is a dangerous, prohibited activity and may result in being referred to the Standards of Conduct for adjudication or arrest.

THEFTS AND LOSSES

The University does not assume any responsibility for loss of, damage to, or theft of a student’s personal property anywhere in the residential facilities, whether by fire, theft, or otherwise; or for the direct or consequential damages arising from the loss of, or any interruption of, any utility service provided by JCSU or any other person or organization in connection with residence services. The student assumes all risks of all such loss. Many families have homeowner’s insurance policies that provide coverage for the student’s belongings at school. Residents may wish to consider purchasing additional insurance if their family’s policies do not cover their belongings on campus.

Incidents of theft should be promptly reported to both the Office of Residence Life and the University Campus Police.

PERSONAL PROPERTY INSURANCE

We strongly encourage students to get personal property insurance. If your parents have homeowners’ insurance, check to see if you are covered – or can be covered – under their policy. You can also pick up information about property insurance at the Office of Residence Life.

SKATEBOARD POLICY

This policy sets forth the regulations that govern the operation and use of skateboards, roller-skates, and in-line skates on the campus of or on other property owned, operated, or controlled by Johnson C. Smith University:

No person may skateboard, in-line skate, roller-skate, or use any other similar-wheeled device in or on the campus of JCSU or on campus buildings’ porch steps; or any raised surfaces (including parking curbs and disability ramps). Use of the devices is not permitted.
on any walkway, or any structure located on or adjacent to a sidewalk, such as benches, column bases, or artwork.

Skateboarding injuries account for thousands of physical injuries each year, mostly involving children and young adults. According to the U.S. Consumer Product Safety Commission, more than 25,000 persons are treated in hospital emergency room each year with skateboarding-related injuries.

Some of the most common types of injuries include sprains; fractures of the head, knee, and leg; contusions; abrasions; and even death (associated with serious falls).

**THE TOBACCO FREE CAMPUS POLICY**

The University provides a tobacco-free environment for its faculty, staff, students, and visitors. The use of tobacco products (including cigarettes, cigars, pipes, smokeless tobacco, electronic cigarettes, and other tobacco products) by students, faculty, staff, and visitors is prohibited on all JCSU properties, including Mosaic Village.

1. The use of tobacco products (including cigarettes, cigars, pipes, smokeless tobacco, electronic cigarettes, or other tobacco products) is prohibited:
2. In all interior space on campus, including student residence halls without limitation to any portion of the living quarters such as sleeping rooms, restrooms, laundry areas, lobbies, and hallways,
3. On all outside property or grounds of campus including partially enclosed areas such as walkways and breezeways,
4. In vehicles, including buses, vans, and University vehicles,
5. In all indoor and outdoor athletic facilities, as well as the grandstands of outdoor facilities,
6. In any building or structure owned, leased or controlled by JCSU. This prohibition includes sidewalks, parking lots, walkways and attached parking structures immediately adjacent to the structures.

‘Tobacco Product’ refers to any substance containing tobacco leaf, including but not limited to, cigarettes, cigars, pipe tobacco, hookah tobacco, snuff, chewing tobacco, dipping tobacco, bidis, blunts, clove cigars, or any other preparation of tobacco; and any product or formulation of matter containing biologically active ingredients of nicotine that is manufactured, sold, offered for sale, or otherwise distributes with the expectation that the product or matter will be introduced into the human body by inhalation; but does not include any cessation product specifically approved by the U.S. Food and Drug Administration for use of treating nicotine or tobacco dependence

‘Smoking’ means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, or pipe, including a hookah pipe, or any other lighted or heated tobacco product or plant product, including marijuana, intended for the inhalation, in any manner or in any form. ‘Smoking’ also includes the use of e-cigarettes that creates vapor, in any manner of in any form, or the use of any oral smoking device to the purpose of circumventing the prohibition of smoking in this policy.
‘E-cigarette’ refers to any electronic oral device, such as one composed of a heating element, battery, and/or electronic circuit, which provides a vapor of nicotine or any other substances, and the use or inhalation of that simulates smoking. The term shall include any such device, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, or under any other product name or descriptor.

SMOKING POLICY COMPLIANCE

Adherence to the policy cited above is the responsibility of all JCSU students, faculty, staff, and visitors, and it is expected that they will comply with this policy. Members of the campus community are empowered to respectfully inform others about the policy in an ongoing effort to enhance awareness and encourage a culture of compliance. An individual who feels there has been a violation of this procedure may take the following actions:

An individual who feels that there has been a violation of this procedure may invoke the following actions:

1. Efforts should be made to resolve the problem informally by requesting that the individual comply with the policy.
2. If a direct appeal fails and the behavior persists, the individual should contact the Office of Human Resources or Dean of Students for referral to the appropriate administrative official.
3. Repeat offenses will be dealt with through established administrative/disciplinary policies and procedures. Violations may result in referral to the appropriate university officials for disciplinary action in accordance with established student, staff, and/or faculty codes of conduct and procedures.

SOLICITATION

Solicitation is defined as the seeking of funds or other support by students, registered student organizations, and University employees from sources on and off campus, including the procuring of supplies and the sale and distribution of items, materials, products, or services.

GENERAL RULES ON SOLICITATION

Individual students or members of student organizations may not be given authorization to solicit for personal benefit. Faculty, staff, students, and student organizations may not solicit or post advertising for regular business enterprise sales. Designated bulletin boards may be used to advertise occasional sales or rentals, such as personal automobiles, appliances, accessories, pets, and homes that are not a part of a business or enterprise.

Door-to-door solicitation in residence halls and cottages, offices, and elsewhere on campus is prohibited. The Dean of Students may permit some philanthropic solicitation in designated areas of University buildings.

Student representatives of magazines, services, or mail order companies are prohibited from soliciting door-to-door in residence halls and on the campus. However, they may post notices on bulletin boards in the halls, giving their names and phone numbers or room
numbers so students may view the product, provided the companies represented are bona
fide agencies. Clearance must first be obtained from the Vice President for Financial Affairs
or his or her designee.

In accordance with North Carolina law, the University does not allow any forms of
gambling in its name or in any of its facilities. Raffling and other fundraising activities
must be conducted in accordance with state and University policies. Gambling is strictly
prohibited.

Political solicitation is allowed only if all candidates for an office are permitted the same
privilege. All speakers must be sponsored by registered student organizations or academic
departments. Posters and notices may be placed on bulletin boards in accordance with
University regulations. Political candidates may solicit votes, except in classrooms and in
residence hall living areas, by handshaking tours, and by handing out cards, but not by the
use of posters. Approval of political rallies must be approved by the President of the
University or his/her designee.

Students or student organizations who wish to solicit on campus in a specified area must
first make a request to the Director of Student Leadership and Engagement using forms
provided by the office no later than one calendar week preceding the proposed date of the
activity. Appropriate arrangements and scheduling must then be made by the individual
making the request to ensure that the project is conducted as approved. Failure to adhere
to this policy is grounds for judicial action.

Students who raise funds through solicitation are required to report all fundraising projects,
including those conducted for the following:

1. Charitable causes, such as Heart Fund, Red Cross, Lung Association, and
   Sickle Cell
2. Scholarship funds, and the United Negro College Fund
3. Library, music, equipment, etc.
4. Educational or social events for JCSU students, such as concerts, speakers,
   art exhibits, and dances, Homecoming, and Black History Month
5. Volunteer and community service projects, such as for needy families during
   Christmas and Thanksgiving, assistance to the elderly, enrichment activities
   for children in the community, and tutorial programs.

The purpose of the solicitation must be given at the time the request for solicitation is made,
as well as a statement of how the funds will be collected and distributed. A report of all
funds raised must be filed with the Director of Student Leadership and Engagement within
one week after the activity has occurred. Finally, a report showing that the funds were
distributed, including the name and address of the individual or agency receiving the funds,
must be filed with the Director of Student Leadership and Engagement within one week
after the funds have been disbursed.
OFF-CAMPUS SOLICITATION BY STUDENTS OR STUDENT ORGANIZATION

Students or student organizations interested in soliciting off-campus (e.g., corporations, foundations, and individuals) must request permission from the Office of Institutional Advancements.

ON-CAMPUS SOLICITATION BY STUDENTS OR STUDENT ORGANIZATION

Vendors or agents of off-campus organizations wishing to solicit on campus must first receive approval from the Vice President for Financial Affairs or his/her designee. Persons must complete an authorization form for review and approval, and no vendor will be allowed to solicit unless the form is approved and on file in the Office of Financial Affairs. A vendor soliciting a particular employee of the University may be allowed on campus, provided the employee invites the vendor; however, such activities should normally take place off-campus outside of working hours. No door-to-door selling to individuals is allowed in the residence halls, cottages, or in faculty or administrative offices.

Beggars or those dealing in illegal traffic such as drugs or stolen property will not be allowed on campus. Campus Police should be notified if such individuals are known to be on campus or if others are soliciting on campus without written authorization. Vendors interested in fulfilling official University needs should be directed to the Purchasing Office, where clearance and further directions will be provided. Misleading or unlawful commercial activity on the campus is strictly prohibited.

Residence hall rooms may not be used as merchandising marts by commercial vendors. A one-on-one demonstration and/or sale in a student’s room may be allowed if the student invites the solicitor and permission is given by the Residence Hall Coordinator.
STUDENT GRIEVANCE POLICY

JCSU has established the Student Grievance Policy to give students a forum in which to express concerns related to issues involving students, faculty, staff, and other members of the JCSU community. The University will work to resolve student concerns as quickly as possible. It is the University’s goal that a student’s concerns will be resolved within a period not to exceed 60 days. However, the time period for resolving grievances will depend largely on the facts and circumstances at issue and may be expanded when necessary and/or appropriate to reach a resolution.

The University defines a ‘Grievance’ as any concern raised by a student (the Complainant) against another member of the JCSU community (the Respondent) regarding alleged violations of University policies and procedures, including, but not limited to JCSU’s Student Conduct policies, suspected discrimination, assault, sexual violence and harassment, and perceived inadequacies in matters of operational efficiency and/or customer service.

The Student Grievance Policy is not intended to replace those policies and procedures related to academic grievances and alleged violations of academic integrity. For more information on academic grievances and integrity policies and procedures, please refer to the 2015-2016 University Catalog Academic Regulations Student Grievance Process. These types of matters will be handled in accordance with those policies and procedures.

The Student Grievance Policy is intended to work in conjunction with other University policies, including the Sexual Discrimination / Harassment/ Assault Policy and the Standards of Conduct and Judicial Affairs Process.

A Complainant having what he or she believes to be a Grievance should, whenever possible and reasonable, attempt to discuss the problem with the Respondent and reach an informal resolution. This informal process is desirable but not mandatory. However, if the Grievance pertains to perceived discrimination, harassment or an assault, the Complainant should immediately proceed to the next step.

If a Complainant is dissatisfied with the informal resolution, is unable to reach an informal resolution, or feels the informal resolution process is not appropriate, the Complainant should follow one of the following processes, depending on the nature of the Grievance.

A. GRIEVANCES INVOLVING PERCEIVED HARASSMENT, SEXUAL VIOLENCE, ASSAULT, AND/OR DISCRIMINATION

For Grievances involving perceived sexual harassment, sexual violence, sexual assault, and/or sexual discrimination, a Complainant should refer to the University’s Sexual Discrimination/Harassment/Assault Policy for proper reporting and resolution procedures.

For Grievances involving other types of perceived discrimination and/or harassment, a Complainant should refer to the University’s Anti-Discrimination and Anti-Harassment Policy for proper reporting and resolution procedures.
B. GRIEVANCES INVOLVING PERCEIVED STUDENT STANDARD OF CONDUCT VIOLATIONS THAT DO NOT INVOLVE HARASSMENT, SEXUAL VIOLENCE, ASSAULT, AND/OR DISCRIMINATION

For Grievances involving perceived Student Standard of Conduct violations that do not involve harassment, sexual violence, assault, and/or discrimination, a Complainant should put his or her concerns in writing and submit them to the Campus Police. The Campus Police will conduct an investigation, if necessary, to determine whether allegations may potentially involve a violation of student conduct policies and related procedures. If the Grievance involves Campus Police, it should be submitted to the Office of Human Resources.

If a Complainant’s Grievance does not potentially involve violation of student conduct policies, no disciplinary proceedings will be initiated by the University. Instead, the Dean of Students or his or her designee will attempt to reach an informal resolution with Complainant, Respondent, and any other involved individuals. If an informal resolution cannot be reached, the Dean of Students will provide a written determination to the parties with his or her resolution. This determination will be final, and the Complainant has no right of appeal.

If a Complainant’s Grievance does potentially involve violation of student conduct policies, disciplinary proceedings will be initiated by the University against any parties involved in the Grievance in accordance with the University’s Judicial Affairs Process. A Complainant’s Grievance is considered closed upon exhaustion of the University’s disciplinary proceedings, and a Complainant has no right of appeal.

C. GRIEVANCES INVOLVING PERCEIVED INADEQUACIES IN CUSTOMER SERVICE/OPERATIONAL EFFICIENCY

For Grievances involving perceived inadequacies in customer service and/or operational efficiency, a Complainant should put his or her concerns in writing and submit them to the Office of the Executive Vice President/Chief Operating Officer.

The Office of the Executive Vice President/Chief Operating Officer will forward the Grievance to the appropriate University official with requisite responsibility for resolution.

The University official with requisite responsibility for resolution will attempt to reach an informal resolution with the Complainant, Respondent, and any other involved individuals.

If an informal resolution cannot be reached, the University official with requisite responsibility will provide a written determination to the parties with his or her proposed resolution.

If Complainant or Respondent is not satisfied with the determination made by the University official, either party may request that the determination be reviewed by the Executive Vice President/Chief Operating Officer. All requests for review submitted to the Executive Vice President/Chief Operating Officer must be in writing and submitted within five academic calendar days after receiving the written determination from the University official.
The Executive Vice President/Chief Operating Officer may adopt the determination, overturn it, or make a different determination. The Executive Vice President’s/Chief Operating Officer’s determination regarding the Grievance will be final, and there is no further right of appeal.

D. GRIEVANCES INVOLVING OTHER ALLEGED VIOLATIONS OF UNIVERSITY POLICIES & PROCEDURES

For all other Grievances, a Complainant should put his or her concerns in writing and submit them to the Office of the Dean of Students. Written complaints must be clearly stated and specific and submitted via the JCSU Student Portal (my.jcsu.edu). Student Grievance Form is located under the Student Life section.

The Office of the Dean of Students will acknowledge receipt of the grievance and attempt to resolve the Complaint within 10 business days.

The Office of the Dean of Students will forward the Grievance to the appropriate University official with requisite responsibility for resolution.

The University official with requisite responsibility for resolution will attempt to reach an informal resolution with the Complainant, Respondent, and any other involved individuals.

If an informal resolution cannot be reached, the University official with requisite responsibility will provide a written determination to the parties with his or her proposed resolution.

The University official’s determination regarding the Grievance will be final, and there is no further right of appeal.

Written Complaints and supporting documents will be retained in the electronic database and on file in the Office of the Dean of Students.

E. GRIEVANCES INVOLVING ACADEMIC CONCERNS

In the event of a grievance regarding an Academic issue, the aggrieved student must initiate the process.

- This requires bringing the grievance to the person against whom it is being made, such as instructor, staff person or administrator. If the grievance is resolved at this time, no further action is needed but both student and respondent should keep a record of the complaint with copies forwarded to the Council of Deans.

- If the grievance is not resolved, the student is entitled to bring the concern to the supervisor of the person against whom the complaint is being made, such as a Department Chair. If the grievance is resolved with this person, no further action is needed but student and both respondents should keep a record, and the person against whom the complaint was made should be informed of the resolution, with copies forwarded to the Council of Deans.

- If the grievance is not resolved, the same procedure moves up the leadership chain, such as to College Dean, Council of Deans, Executive Vice President, then the President. A determination by the Office of the President is final.

STUDENT RIGHTS

ACCESS

Within the limits of its facilities and resources, the University is open to all students who meet admissions standards. Students may participate in the orderly formulation, revision, and evaluation of policies, regulations, and procedures that affect their welfare. Such participation is expected to take place through appropriate student government agencies and University committees and councils.

FAIR EVALUATION AND PERFORMANCE

Students’ academic performance is evaluated solely on an academic basis, and students may expect faculty to make clear the basis for evaluation in their classes. Further, students should feel free to take reasoned exceptions to opinions or views an instructor expresses. However, students remain responsible for learning any course content in classes in which they are enrolled and may expect to be tested or otherwise evaluated on the course content. Any student alleging unfair methods, procedures, or basis of evaluation should appeal first to the instructor, then if desired, to the Department Chair, the Division Chair, and the Chair of the Council of Deans, in that order.

UNIVERSITY CAMPUS POLICE/OFFICE OF ENROLLMENT MANAGEMENT AND STUDENT ENGAGEMENT/CAMPUS CITATION

Students may receive a Campus Citation when charged with a violation of the Standards of Conduct.

Students charged with violations of the Student Code of Conduct that do not include suspension or expulsion as a sanction will receive a notice from the Office of Judicial Affairs listing the current charges, a date and time for a pre-hearing, and contact information for a Judicial Process Advisor. A JPA is a JCSU faculty or staff member who is knowledgeable about the judicial process and has volunteered to independently and confidentially advise the student about the judicial process in general and, if requested, specifically about their pending case.

Students who intend to plead Responsible or Responsible with an Explanation will not be required to see a JPA or bring witnesses to their pre-hearing. However, students who intend to plead Not Responsible will not be granted a pre-hearing until they provide to the Judicial Affairs Office written confirmation that they have met with a JPA.

Once that occurs, the student pleading Not Responsible must arrange for all of his/her witnesses to be on standby at a date, time, and location coordinated through the Office of Judicial Affairs to testify at the point the accused student pleads Not Responsible.

After hearing testimony from witnesses and the accused student, the Hearing Officer will immediately determine whether the student is Responsible or Not Responsible for each charge.

If or when a student is found Responsible for a charge, the Hearing Officer will send him/her a notice of sanctions that will specify various educational and punitive sanctions the student will be required to adhere to as a result of the finding.
Students found Responsible may appeal their judicial case to the Dean of Students, who will only overturn a sanction if the student can demonstrate that:

1. The Hearing Officer’s actions had a material and detrimental impact on the outcome of the Judicial Affairs Board hearing. Minor deviations from designated policies and procedures will not form the basis of an appeal unless the deviation resulted in substantial prejudice that impacted the outcome of the hearing.

2. The absence of evidence not reasonably available at the time of the hearing had a material and detrimental impact on the outcome.

Students who are charged with a violation of the Standards of Conduct will have the opportunity to handle their cases administratively in a pre-hearing. During the pre-hearing meeting, students can accept responsibility for the charges that have been placed against them and receive written documentation explaining their sanctions and any additional information they may require. Failure to attend a pre-hearing meeting will be considered an admission of Responsibility. A decision will be rendered in the student’s absence, and a sanction, including the potential for a fine and parental notification, will be imposed without the student’s input.

During the pre-hearing, the student will be given the opportunity to discuss the incident further, ask questions, and review relevant information available in their judicial file. He or she will also have the option of taking responsibility for the charge(s) in the pre-hearing meeting or of contesting the charge(s) by pleading Not Responsible. If the student chooses to plead Not Responsible to all or any of the charge(s) that have been placed against him or her, an Administrative or University Judicial Board hearing will be scheduled.

**FAIR DISCIPLINARY HEARING**

Students have the right to be informed of their alleged involvement in disciplinary matters, the right to a fair hearing, and an opportunity for appeal (if applicable) when charged with violations of the Standards of Conducts established by the University.

**FREEDOM FROM UNWARRANTED SEARCH**

There are two kinds of situations when University authorities are permitted to enter occupied rooms in residence halls or other living units: (1) Inspection, which is defined as entry into a room to determine health and safety conditions, to make repairs, or to perform cleaning and janitorial services; and (2) Search, which is defined as entry into a room by campus authorities, including residence halls staff, for the purpose of investigating suspected violation of campus regulations and/or local, state, or federal laws.

Regulations have been established to protect students from unnecessary search or entry into their rooms. University authorities will not enter rooms for purposes of search, except in an emergency, without the permission of the resident unless they have a campus authorization from the Dean of Students or the Coordinator of Housing Services and Operations. If neither can be reached, permission will be sought from the Chief of Campus Police. If the Chief of University Campus Police is not available, University Campus Police staff will use their discretion in conducting the search in accordance with local, state, and federal laws.
The University reserves the right to have appropriate officials search individual rooms and vehicles. Room and vehicle searches for disciplinary investigations are conducted only when there are reasonable grounds to believe that a resident, student, or guest is concealing substances, property, contraband, or items that violate Residence Life and/or University policies. Any item confiscated during a room or vehicle search that represents a violation will not necessarily be returned to the student, guest, or other individual.

An emergency situation exists when the delay necessary to obtain authorization constitutes a danger to persons, property, or the building itself. Search of room and vehicles may be exempted from compliance with these procedures if an emergency situation exists.

In case of appropriate finding and confiscation, a copy of the completed incident report and a statement of finding will be forwarded immediately to the Coordinator of Housing Services and Operations and to the Dean of Students not later than 9:00 a.m. the next working day. This authorization specifies the reason(s) for the search and the object(s) sought and is required unless persons enter in compliance with the state law. If possible, the student should be present during the search. Typically, these searches will not be made unless a Residence Hall Coordinator is present as an official representative of the University to conduct the search or to accompany University Campus Police in the search of a student’s room. In the event the search reveals an object which, while in possession, violates a University regulation or local, state, or federal law, the University may take appropriate disciplinary action even though the object may not be listed on the search authorization. The procedure for conducting searches is as follows:

1. The Dean of Students will authorize two University staff members to conduct the search. If they are unavailable, and there is reasonable cause to believe a search is warranted, the Coordinator of Housing Services and Operations may authorize the search. If at all possible, one of the individuals conducting the room search will be a member of the University Campus Police staff;

2. Those individuals conducting the search will knock on the door of the room in question. If they are not admitted, they will enter the room using a passkey.

3. If the room is occupied, those entering the room will announce the purpose of their visit and indicate that they are going to conduct a search.

4. Those entering the room will ask for identification of all persons in the room, including student identifications.

FREEDOM OF INQUIRY AND EXPRESSION

Thus, students have the right to engage in discussions, exchange thoughts and opinions, and speak freely on any subject in accordance with the guarantees of the state and federal constitutions. Further, the University strives to develop in students a realization that citizens not only have the right, but the obligation, to become informed on issues and problems facing them, to take positions on such issues, and to give expression to their views. In discharging these responsibilities, Johnson C. Smith University is proud that its campus is open to free discussion and examination of views, with the condition that such discussion be conducted in an orderly manner and under peaceful conditions consistent with the scholarly pursuit of ideas and knowledge in an academic community. Speakers who are not associated with the University must be invited to the campus by a University Department or a registered student organization. Information on how such arrangements are to be made is available from the Director of Student Leadership and Engagement.

RIGHTS TO UNBIASED TREATMENT

JCSU adheres to a policy of admitting students regardless of their race, color, sex, or national or ethnic origin, and further adheres to such policy in the administration of its educational programs administered directly or indirectly by the University. The University recognizes the need to maintain records for each student in order to preserve authentic documentation of the events and activities that constitute a part of the educational process and student’s development, to assess their educational needs and achievements, and to facilitate the informed and purposeful direction of its educational goals. In the development and administration of such records, the University complies with the Family Education Rights and Privacy Act (Buckley Amendment) of 1974. Parents and guardians have certain rights with respect to their children’s education records; however, under FERPA, these rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. At JCSU, a student’s education records consist of: (1) Permanent Academic Record Folders and Transcript of Grades; (2) Student Personnel Records; (3) Disciplinary Records; (4) Student Accounts (Business and Financial Affairs); (5) Financial Aid Records, (6) Medical Records; (7) Admissions Records; (8) Counseling Records; (9) Placement Records; and (10) Academic Advisement Records.

**FERPA NOTIFICATION OF STUDENT RIGHTS CONCERNING EDUCATION RECORDS AND DIRECTORY INFORMATION**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access.

- A student should submit a consent for disclosure form to the Office of the Registrar, a written request that identifies the record(s) the student wishes to inspect. A University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- The right to request an amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

- A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and of the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
• The right to provide written consent before the University discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

The University discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic/research, or support staff position (including law enforcement, personnel, and health staffs); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

• Enrollment status  
• Address  
• Level of education completed/classification status

RELEASE OF PERSONAL INFORMATION TO MILITARY RECRUITERS

At the request of military branches, the regulations under the Solomon Amendment, 32 CFR Part 215, require the College to release select information on currently enrolled students to military recruiters for the sole purpose of military recruiting. Before releasing the requested information, the University will ask if it is the intent to use the requested information only for military recruiting purposes.

The military is entitled to receive information for students who are currently enrolled, which is defined as registered for at least one credit hour of academic credit during the most recent, current, or next term. It is entitled to receive the following student information:

• Name
• Address
• Telephone Number
• Age or Year of Birth
• Major
• Level of Education (i.e., freshman, sophomore or degree awarded to a recent graduate)

**DIRECTORY INFORMATION NON-DISCLOSURE FORM**

The University may release directory-like information only after notifying the student and getting his or her consent, except for information included in campus directories. Such directory information about students may be released to outside sources requesting it without the written consent of the student. Directory Information is designated as follows: name, address (home and local), telephone (local only), major field of study, participation in officially recognized activities and sports, weight and height of members of athletics teams, dates of attendance, degrees and awards received (including honor roll), and most recent previous educational agency or institution attended.

Directory information may be made available to any parties deemed to have a legitimate interest in the information unless the student files a Directory Information Non-Disclosure Form in the Office of the Registrar.

By filing this form with the Office of the Registrar, you are requesting that any or all of this directory information not be released without your prior written consent. This form is available in the Registrar’s Office and may be filed, withdrawn, or modified at any time. Requests by students to withhold information must be filed each semester.

Students who want their parents, guardians, and/or employers to have access to some or all of these records may sign and file a Consent for Disclosure Form with the Office of the Registrar.

STANDARDS OF CONDUCT AND JUDICIAL AFFAIRS

INTRODUCTION

A University community can function effectively only when the rights and obligations of its members are recognized. All students, therefore, must be especially conscious of individual dignity, rights, needs, and aspirations.

This involves thoughtful consideration of the welfare and reputation of the University and its members. Of particular concern to Johnson C. Smith University are the following areas of misconduct, described below, which may result in disciplinary action, including suspension or dismissal from the University. Students should note that these Standards are not exclusive; other prohibited conduct may be specified in other areas of the University Student Handbook or other University regulations.

The Student Handbook are available to all students online at www.jcsu.edu/current students. Limited printed copies are available in the Office of the Dean of Students.

In addition, personnel in offices listed below will assist students in interpreting these policies, rules, and regulations:

- Dean of Students
- Office of Judicial Affairs
- Office of Residence Life

PART I: STANDARDS OF CONDUCT

The Standards of Conduct exist to protect the persons who comprise the University community, as well as the rights and property of the University. These standards also foster and enhance the academic mission of the institution. While the Standards of Conduct do not include all of the activities that may adversely affect the University community, they do apply to the conduct of all students and student organizations while on University premises and off the campus as long as the student or student organization maintains a student relationship with the University. University premises include all lands, buildings, and facilities owned, leased, or operated by the University. The University reserves the right to sanction currently enrolled students for violations of the Standards of Conduct, even if said violations occur off campus.

In accordance with University policy, disciplinary action under these guidelines may be taken against an individual who has matriculated at the University, even though the student may not be currently registered for classes (e.g., during semester breaks and during the summer).

Persons are encouraged to promptly report violations of the Standards of Conduct to a University employee of the University Campus Police, Residence Life, Office of Judicial Affairs, and/or the Office of Enrollment Management and Student Engagement. Students are also subject to city, county, state, and federal laws. Therefore, legal action in addition to University disciplinary action may take place. The University’s decision in disciplinary matters is independent of off-campus legal action, except that any student convicted of
Standards of Conduct and Judicial Affairs

criminal misconduct, whether occurring on campus or not, will be suspended from the University.

In its attempt to promote and ensure fairness and consistency in disciplinary decision-making, the University has suggested specific sanctions for violations of the Standards of Conduct. Adjudicators should consider the following suggested sanctions. Students found responsible for infractions will receive, as a minimum, the sanctions indicated.

Other more severe sanctions may be imposed when deemed appropriate and necessary. Moreover, prior offenses are cumulative and may subject the student to more severe penalties for subsequent offenses.

A student does not begin each semester, term, or school with a clean record.

The sanctions listed in the University Student Handbook will be applied for the offense of the violations described. The University reserves the right to apply a different sanction for a violation of the Standards of Conduct depending on the nature and gravity of the violation.

Because the judicial system is designed to help correct behavior and to fulfill an educational purpose, it is expected that any student who must go through the judicial process will, as a result, be duly warned about his or her behavior, encouraged to comply with the Standards of Conduct, and notified about possible sanctions if subsequent violations should occur. Moreover, the system of consequences must be imposed to maintain order and to protect the rights and privileges of others in the University community. Therefore, students who are found Responsible of the same offense more than once or of a second offense of equal or greater magnitude (as defined by the nature of the sanction) may be suspended from the University.

PART II: SUSPENSION AND EXPULSION

Any student(s) alleged to have violated, at minimum, any of the following JCSU Standards of Conduct will be immediately suspended on a temporary basis, pending the outcome of a Judicial Board Hearing.

If the student(s) is subsequently found Responsible for the violation, the student(s) will be subject to long-term suspension and/or expulsion from the University:

- Physical abuse/fighting/hazing
- Verbal abuse of faculty or staff
- Possession with the intent to distribute Illegal drugs
- Possession of firearms and/or ammunition
- Violation of JCSU honor code

The University may approve changes in policy, including revisions to the Standards of Conduct, from time to time. Those changes will be effective when made, will be promulgated as addenda to this handbook, and will be posted in the Office of the Dean of Students.

Each student is responsible for knowledge of the regulations and information contained in this Handbook and any amendments or additions. Students are, therefore, encouraged to be
attentive and alert to any announcements concerning changes to the rules and regulations governing student conduct.

PART III: DUE PROCESS

The University expects its students to act as responsible citizens whether on campus property or in the community. Students are expected to make themselves aware of and abide by the Student Standards of Conduct and related policy statements. Students accept the rights and responsibilities of membership in the University community when they are admitted. In the University community, as elsewhere, ignorance is not an acceptable justification for violating community standards.

Because the functions of the University depend on honesty and integrity among its members, JCSU expects from its students a higher standard of conduct than the minimum required to avoid disciplinary action.

Likewise, while many provisions of the Student Standards of Conduct parallel the laws of society, University standards may be set higher.

When the University receives information suggesting a student may have violated the Student Standards of Conduct, the University has the responsibility and obligation to initiate the Judicial Affairs Process.

The disciplinary procedures at the University are premised on notions of fairness regarding the administration of discipline in post-secondary institutions.

The procedures are designed to ensure all rights that a private educational institution might be constitutionally or contractually obligated to provide.

Students who are alleged to be in violation of University policies or regulations, as an individual or as members of a group or organization, will be accorded due process or fundamental fairness in the form of notice of the charges, a fair hearing, and the right to an appeal.

The Student Standards of Conduct apply to all students, on and off the campus, during the time that they have a student relationship with the University. Disciplinary action under these guidelines may be taken against an individual who has been admitted as a student to the University, whether or not the individual is registered for classes (e.g., during semester breaks and in the summer).

Students continue to be subject to local, state, and federal laws while at the University, and violations of those laws may also constitute violations of the Student Standards of Conduct.

In such instances, the University may initiate disciplinary proceedings independently of any civil or criminal proceeding involving the same conduct and may impose sanctions for violations even if such civil or criminal proceeding is not yet resolved or is resolved in the student’s favor.

Furthermore, a disciplinary proceeding does not require proof of responsibility beyond a reasonable doubt. Instead, a student’s responsibility, is established by a preponderance of the evidence standard (i.e., it is more likely than not that the conduct in question occurred), if applicable.
PART IV: VIOLATIONS AND SANCTIONS

The University reserves the right to impose sanctions that it deems an appropriate response to student misconduct. The following violations and sanctions are only examples of misconduct. Sanctions may be imposed for conduct not described below. They will be decided on a case by case basis and may differ from the sanctions described below.

Penalty may include, but will not be limited to, automatic disciplinary suspension for one semester.

C. Failure to comply with judicial sanctions
Any such sanctions will be unilaterally imposed without a disciplinary hearing by the Dean of Students.
Penalty may include, but will not be limited to, additional fines, probation, suspension, or expulsion.
SECTION 10. ATTEMPTED OFFENSES

This is defined as an attempt to commit an act on University property or involving members of the University community in an offense that would be a violation of the University Standards of Conduct or local, state, or federal criminal code.

Penalty may include, but will not be limited to, reprimand, a fine, completion of 24 hours of University Service/Community Service, or any available sanction for the offense or violation attempted.

SECTION 11. PETS AND ANIMALS

It is prohibited to have pets in buildings, including student residences, classrooms, offices, except when needed in connection with a handicap and with the written permission of the Dean of Students.

Penalty may include, but will not be limited to, reprimand, removal of the pet by the student, and a fine.

SECTION 12. HAZING

Hazing is against North Carolina State Law, North Carolina General Statute’s Section 14-35, which defines hazing as taking any action to annoy any student by playing abusive or ridiculous tricks upon him/her to frighten, scold, beat, or harass him/her to subject him to personal indignity.

Punishment for the misdemeanor offense consists of a fine not to exceed $500, imprisonment for not more than six months, or both. State law also requires that the faculty or governing board of a college or school expel any student convicted of hazing.

The University may take disciplinary action independent of any court action including, but not limited to expulsion. Upon conviction of the offense of hazing or of aiding or abetting the commission of this offense, the student shall, in addition to any punishment imposed by the court, be expelled from the University.

Hazing in any form is prohibited in accordance with the law established by the state of North Carolina. The scope includes activities that are planned or unplanned, on or off the campus, and sponsored by fraternities, sororities, social fellowships, Greek-letter organizations, and other student organizations and groups recognized by the University. Examples of hazing include any form of paddling; physical or psychological shocks; morally degrading or humiliating activities or games; post-midnight work sessions; those activities which cause excessive physical fatigue; and activities that interfere with an individual’s scholastic pursuits. Activities for prospective and new members shall not in any way conflict with a student’s class attendance or preparation.

It is noted that hazing occurs not only in fraternities and sororities, but among other groups and individuals. In instances involving other groups and individuals, the sanctions are the same as those that apply to fraternities, sororities, social fellowships, and other Greek-letter organizations.

In cases involving hazing, the hearing bodies will consider all factors involved in the incident, including the use of alcohol, unforeseen circumstances, hidden physical and or psychological disabilities, and pressure within the group that may affect the group’s judgment. However, the presence of such factors does not minimize the risk and harm
incurred by persons who are the victims of hazing and will not lessen the sanction. Individuals and organizations should also consider the personal risk involved for both the individuals and groups found responsible of hazing. Hearing bodies in such cases may discipline the prospective or new member who participates in hazing. Individuals should note that in the event of an injury, not only may the organization be liable, but the individual member(s) found responsible may also be liable.

The University sets forth the principle that becoming a member of an organization ought to promote the educational goals of the institution and the organization. Hence, it believes that hazing and other forms of harassment are detrimental to the success of fraternities, sororities, social fellowships, Greek-letter organizations, and other groups, and especially to those persons who are victims of such action.

The University’s policy on hazing will be strictly enforced, and violators will be prosecuted to the fullest extent of the law.

Penalty may include, but will not be limited to, disciplinary suspension of individuals and of the organization for one semester and a fine to each individual involved. North Carolina state law requires the faculty or governing board of a college or school to expel any student convicted of hazing.

This also includes any and all emails sent to name lists (i.e., University family, students, faculty, and staff). Their use by student organizations, including fraternities, sororities, and social fellowships, must be approved by the Office of Student Leadership and Engagement. Any student accused of violating this policy will be subject to full disciplinary action within the judicial system, up to and including the loss of computing privileges, suspension, and/or expulsion.
Standards of Conduct and Judicial Affairs

Step I: When a student is alleged to be abusing computing privileges, all of his or her computing privileges will be suspended immediately to protect the computing resources and to assure reliable service to the rest of the community.

Step II: The student will be notified via campus or certified U.S. mail to attend a pre-hearing regarding the charge. The student will have the opportunity at this time to discuss the charges and may choose to accept responsibility for the charges or request a hearing. Penalty may include, but will not be limited to, suspension of computer privileges for one semester, disciplinary probation for one semester, and a fine.

PART V: JUDICIAL AFFAIRS

ADMINISTRATION OF THE JUDICIAL PROCESS

Alleged violations of the University’s Standards of Conduct shall be adjudicated by judicial bodies and/or administrative officers as noted below. Judicial officers, boards and administrative officers who adjudicate student disciplinary cases shall make findings of Responsible or Not Responsible, then issue an appropriate sanction in accordance with the Student Handbook and based on the student’s level of involvement, the severity of the incident, and the student’s disciplinary history.

Disciplinary cases will be referred to the most appropriate body as indicated below.

FILING A COMPLAINT

Formal complaints must be filed with University Campus Police. Reports will be sent directly to the Judicial Affairs Coordinator for resolution or to be processed through the judicial system.

OFFICE OF JUDICIAL AFFAIRS

The JCSU Office of Judicial Affairs (OJA) works on the disposition of intake reports of alleged violation of the Student Code of Conduct in conjunction with the Office of Enrollment Management and Student Engagement and the University Campus Police Department. The Office manages the day-to-day judicial affairs of the University and works closely with the Dean of Students to promote the following initiatives:

To create and maintain a safe and professional learning environment for students from diverse backgrounds so they can flourish academically, socially, athletically, and professionally.

To significantly reduce daily student disciplinary issues in the classroom that lead to frivolous distractions that unnecessarily frustrate an instructor’s efforts to teach and class members’ ability to comprehend the course material.
To support the University’s efforts to help students adhere to a fundamental standard of conduct which promotes:

- Safety first
- Respect for themselves and others
- Student confidence in the judicial process

To educate students, parents, and the University community about the Student Code of Conduct and which violations are most likely lead to suspension and/or expulsion for students found responsible. These are:

- Physical Violence/Assault/Fighting
- Hazing
- Firearm/Ammunition Possession/Use on Campus
- Sale of Illegal Drugs and Narcotics

To provide due process with respect to the pre-hearing and judicial board hearing that, when required, issues sanctions that act as a deterrent and have an educational and punitive effect on the student.

To identify and follow up with the appropriate individuals and offices on the progress of those students who may be in dire need of Substance Abuse, Anger Management, and/or Alternative Dispute Resolution counseling for the safety of themselves and the JCSU community. This may include:

a. Workshops and informational sessions for staff, faculty, and students participating in the judicial process
b. Timely and efficient follow-up on the progress of sanctioned students ensuring they are in compliance with completion of research papers, payment of fines, letters of apology, and participation in counseling sessions
c. Working with the Judicial Affairs Committee, comprised of University Campus Police, Enrollment Management and Student Engagement, Council of Deans, faculty, students, and, when required, outside legal counsel, to conduct periodic revisions to the Student Code of Conduct and Sanctions as published and distributed to all JCSU community members via the Student Handbook.

PART VI. ROLE OF KEY UNIVERSITY OFFICIALS IN THE JUDICIAL AFFAIRS PROCESS

The Dean of Students is responsible for working on the disposition of written student appeals in accordance with the established grounds for submitting an appeal.

The Judicial Affairs Coordinator serves as a neutral advisor to students regarding the Judicial Affairs process, student standards of conduct, and all student related disciplinary proceedings. The Judicial Affairs Coordinator shall not be involved in the adjudication of any disciplinary proceedings and has no responsibility for hearing or participating in student appeals beyond functioning in an advisory capacity.
The Chairperson of the Judicial Affairs Board is responsible for adjudicating cases referred by the Judicial Affairs Coordinator for an Administrative hearing as described below. This person shall also be responsible for overseeing the adjudication of hearings conducted by the full Judicial Affairs Board.

The Judicial Affairs Board is responsible for adjudicating cases referred by the Judicial Affairs Coordinator. The Judicial Affairs Board shall be comprised of at least five members. Judicial Affairs Board membership shall be comprised of students, faculty, and staff. A quorum for a judicial hearing consists of a minimum of two faculty members, two staff members, and one student. A student may waive the quorum requirement and proceed with his or her hearing without a quorum present; however, there must be a minimum of three Board members present to conduct a hearing.

The Chairperson of the Special Judicial Affairs Panel is responsible for adjudicating cases referred by the Judicial Affairs Coordinator (for an administrative hearing, see description below). This person shall also be responsible for overseeing the adjudication of hearings conducted by the full Judicial Affairs Panel.

The Special Judicial Affairs Panel is a standing group comprised of faculty and staff who have received appropriate training and/or have experience in handling complaints regarding sexual discrimination, sexual assault, sexual violence, and sexual harassment. A quorum for a judicial hearing consists of a minimum of two faculty members and two staff members. A student may waive the quorum requirement and proceed with his or her hearing without a quorum present; however, there must be a minimum of three panel members present to conduct a hearing. The Special Judicial Affairs Panel will be staffed by the Director of the Counseling Center.

The President may review any sanction imposed pursuant to this policy to ensure that sanctions are not excessive and comport with the principles of fundamental fairness. Such review powers are exercised at the sole discretion of the President, and students may not petition the President for review of disciplinary sanctions except in cases where the recommended sanction is expulsion from the University (as discussed in greater detail below).

**PART VII. DISCIPLINARY PROCEEDINGS**

Whenever the University receives information suggesting that a student may have potentially violated the Student Standards of Conduct, the Judicial Affairs Coordinator may initiate disciplinary proceedings.

Any individual with a complaint regarding a perceived violation of the Student Standards of Conduct should file a written complaint with University Campus Police. If the complaint involves members of the Campus Police, it should be submitted to the Office of Human Resources.

Students who wish to initiate a complaint under this section should first refer to the *Student Grievance Policy* to ensure that their complaint is directed appropriately. For example, any complaint involving perceived harassment, discrimination, or sexual violence, assault, and discrimination should be directed to the Office of Human Resources.

The Judicial Affairs Coordinator or his or her designee will review all complaints received to determine if the content contained therein could potentially involve a violation of the Student Standards of Conduct.
PART VIII. NOTIFICATION OF CHARGES

If the University determines that the alleged conduct at issue could potentially involve a violation of the Student Standards of Conduct, the Judicial Affairs Coordinator will initiate disciplinary proceedings in accordance with this policy. A student who is charged with violation(s) of the Student Standards of Conduct will receive a letter from the Judicial Affairs Coordinator notifying him/her of the alleged violation(s). This letter will be sent to the student’s email address on file with the University and will include a brief summary of: (1) the alleged facts and circumstances as presently known; (2) the alleged violations; and (3) the potential sanctions involved. The letter will also direct the student to contact the Judicial Affairs Coordinator to schedule an initial meeting within three academic calendar days.

An academic calendar day means Monday to Friday, excluding holidays and scheduled breaks from classes during the academic calendar year.

INTERIM PROCEDURES

The University may take appropriate interim steps before the final resolution of any disciplinary proceedings to ensure that the University community is sufficiently protected. If the alleged offense is of such a nature that the student’s presence on campus while awaiting resolution of disciplinary proceedings is unwise or poses a clear and present danger to members of the University community, the University may, at its discretion, withdraw or suspend the student until the matter has been resolved and until his or her return is in the best interests of the University community. The University may also take any other appropriate steps, including, without limitation, directing appropriate University officials to alter academic, housing and other arrangements.

INITIAL MEETING WITH THE JUDICIAL AFFAIRS COORDINATOR

Within three academic calendar days of receiving the notification letter from the Judicial Affairs Coordinator, the student should participate in an initial meeting with the Judicial Affairs Coordinator to review the process for disciplinary proceedings.

The Judicial Affairs Coordinator serves solely as a neutral student advisor throughout the process and is only responsible for assisting students with interpreting and understanding the Student Standards of Conduct, disciplinary proceedings, their rights, and potential sanctions. The Judicial Affairs Coordinator shall not participate in or adjudicate student disciplinary matters and student appeals beyond functioning in an advisory capacity.

In the initial meeting, the Judicial Affairs Coordinator will provide the student with an overview of the disciplinary process and the student’s rights and obligations, including the right to plead “Responsible” or “Not Responsible” in response to each of the alleged violations.

PART IX. PLEADING NOT RESPONSIBLE VS. PLEADING RESPONSIBLE

During the initial meeting with the Judicial Affairs Coordinator, the student will be informed of his or her right to plead Responsible or Not Responsible in response to each
alleged violation. The student must notify the Judicial Affairs Coordinator of his or her plea decision within two academic calendar days following their initial meeting. If the student does not respond to the alleged violation, he/she will be presumed to have pled Not Responsible.

If a student pleads Responsible to the alleged violation(s), his or her pleading and all other documentation regarding the alleged violation(s) will be forwarded to the Chairperson of the Judicial Affairs Board or Special Judicial Affairs Panel for assignment of sanctions in consultation with the Dean of Students. The Office of Judicial Affairs will issue a letter to the student within three academic calendar days after receiving notice of the student’s pleading. The letter will set forth in writing the student’s decision to plead Responsible and will list assigned sanctions. The student has no right to appeal any sanctions that are assessed.

If a student pleads Not Responsible, he or she has the right to select from one of two hearing options:

a. **Administrative Hearing.** In this type of hearing, the Chairperson of the Judicial Affairs Board or Special Judicial Affairs Panel is the sole participant (with the exception of a Title IX Coordinator or designee, if applicable) and hears evidence and assigns sanctions in consultation with the Dean of Students. While this is usually a faster method of resolving alleged violations, there is no right to appeal the determination or sanctions.

b. **Judicial Affairs Board or Special Judicial Affairs Panel Hearing.** In this type of hearing the Judicial Affairs Board or Special Judicial Affairs Panel hears evidence and assigns sanctions. Unlike the Administrative Hearing, there is a right to appeal the determination or sanctions (as discussed in greater detail below).

**PART X. NOTICE OF HEARING**

If the student pleads Not Responsible, the Office of Judicial Affairs will provide written notice of the hearing to the student within three academic calendar days from receipt of the student’s plea. This notice will be sent to the student’s mailing address on file with the University and will include the type of hearing requested along with its date, time, and location.

The hearing will take place promptly, with at least three academic calendar days’ notice provided to the student. A student showing good cause to the Judicial Affairs Coordinator may be granted additional time to prepare a defense as long as a written request is made by the student and provided to the Judicial Affairs Coordinator at least two academic calendar days after the student receives notice of the scheduled hearing.

**PART XI. ADVISORS**

The student may have an advisor present to support and assist him or her during all stages of the disciplinary proceedings, including the hearing and appeal stages. Advisors must be a current JCSU staff or faculty member and must be approved by the Judicial Affairs Coordinator. The Judicial Affairs Coordinator will ensure that the advisor has the requisite knowledge and experience with the Judicial Affairs process to appropriately assist the student.
AD HOC JUDICIAL PANEL

In instances where it is unreasonable, burdensome, or impractical to convene the Judicial Affairs Board for a hearing, the Judicial Affairs Coordinator may convene an ad hoc judicial panel to hear cases. This panel is typically comprised of faculty, staff, and students and also contains members of the Judicial Affairs Board whenever possible. Use of such an ad hoc panel might occur during the summer if members of the Judicial Affairs board are unavailable.

PROCEDURES FOR ADMINISTRATIVE HEARINGS AND JUDICIAL AFFAIRS BOARD HEARINGS

1. **Standard of Proof Regarding Hearings:** A preponderance of the evidence standard will be used by the University to evaluate evidence of alleged violations of the Student Standards of Conduct. A preponderance of the evidence means that the information shows that it is more likely than not that the accused student committed the alleged violation(s).

2. **Recording of Hearings:** The Chair of the Judicial Affairs Board or Special Judicial Affairs Panel will ensure that a continuous recording of all hearings, excluding the deliberation process, is made and retained in accordance with the University’s document retention policies and procedures.

3. **Closed to the Public:** In order to provide an orderly process for the presentation and consideration of relevant information without undue intimidation or pressure, the hearing process is not open to the University community or to the general public.

4. **When Criminal Charges are Pending:** Because the standards for finding a violation of criminal law are different from the standards for finding a violation for the Student Standards of Conduct, criminal investigations or reports are not determinative of whether a violation of the Student Standards of Conduct has occurred. The University reserves the right to take immediate interim measures, including, but not limited to, suspension or expulsion, to protect the University community while criminal charges are pending. This is particularly likely where the alleged crime involves an act of violence, the possession, sale, manufacture, or delivery of illegal drugs, or any other conduct that is egregiously offensive to the University’s mission. The University may choose to wait for the conclusion of any criminal proceedings before initiating the Judicial Affairs process. When criminal proceedings are pending during the Judicial Affairs process, a student may have an attorney present during the hearing; however, the attorney may not participate in the proceedings and may only serve in a supporting capacity.

5. **Attendance of All Relevant Parties:** The most accurate and fair review of the facts occurs when all parties are present. As such, the complaining and responding students are encouraged and expected to attend. If he or she chooses not to attend, the charge(s) will be reviewed as scheduled on the basis of the information available, and a decision will be made. No decision shall be based solely on a student’s failure to attend the hearing or answer the charge(s).
6. **Advisor:** The Advisor may be present during the hearing. However, he or she may not participate in the proceedings and may only serve in a supporting capacity.

7. **Challenges to Judicial Affairs Board Members:** In the case of a Judicial Affairs Board Hearing, a student may challenge any member of the Board for good cause and request that he or she be replaced, subject to the discretion of the Judicial Affairs Board Chairperson. Members of the Judicial Affairs Board are expected to disqualify themselves when a case involves a personal friend or someone about whom the board member does not feel he or she can be objective. If a student challenges the presence of the Judicial Affairs Board Chairperson, the Chairperson may be excused upon a majority vote of the Judicial Affairs Board.

8. **Questioning and Presentation of Evidence:** The Chairperson of the Judicial Affairs Board is responsible for overseeing and controlling the hearing, including determining the manner in which questions will be asked and evidence presented. Generally speaking, any student has the right to testify on his or her behalf, present witnesses, question witnesses, be present for the presentation of all evidence, and challenge evidence presented during the hearing. However, the Judicial Affairs Board Chairperson, at his or her sole discretion, may restrict or limit the manner in which questions are asked or evidence is presented that the Chairperson believes that the manner of doing so is unfairly prejudicial, coercive, or intimidating. Written statements signed by a witness and accepted and verified by the Judicial Affairs Board Chairperson may be admitted at the sole discretion of the Judicial Affairs Board Chairperson if, for good cause, the witness cannot attend the hearing in person.

9. **Perjury:** All parties involved in a hearing, including witnesses, are expected to cooperate and provide complete and truthful information. Students who perjure themselves during a hearing will be charged with appropriate violations of the Student Standards of Conduct.

10. **Scope of Evidence Considered:** The ultimate determination reached at a hearing must be based solely on the evidence presented. Past violations against the accused student(s) should not be mentioned during the hearing; however, a record of previous infractions may be considered after a determination of Responsibility has been reached.

11. **Determination:** After all evidence has been presented, all persons will be excused from the hearing room, a determination of Responsible or Not Responsible will be made, and sanctions assessed. If responsibility is determined, a student’s past violations of the Student Standards of Conduct may be considered for purposes of assessing sanctions.

12. **Notice of Determination and Sanctions:** The Judicial Affairs Coordinator will provide the student with written notification of the outcome of the hearing. Written notification is generally sent to the student no later than five academic calendar days after the hearing has concluded. Such notification shall include the determination reached, sanction(s) assessed, and information about the appeal process, if any. While every effort will be made to notify students within five academic calendar days after the conclusion of the hearing, students who have not received notification within five academic calendar days after the conclusion of
the hearing should contact the Office of Judicial Affairs to receive notification of
the determination.

PART XII. APPEALS FROM DETERMINATIONS
AND/OR SANCTIONS THAT DO NOT INVOLVE
SEXUAL DISCRIMINATION, SEXUAL ASSAULT,
SEXUAL VIOLENCE AND SEXUAL HARASSMENT

As discussed above, determinations made and/or sanctions imposed at an Administrative
hearing by the Chair of the Judicial Affairs Board or Special Judicial Affairs Panel are final,
and a student has no right of appeal.

Generally, determinations made and/or sanctions imposed at a Judicial Affairs Board or
Special Judicial Affairs Panel hearing may be appealed only on the following grounds to
the Dean of Students:

Procedural errors shown to have had a material and detrimental impact on the outcome of
the hearing. Minor deviations from designated policies and procedures will not form the
basis of an appeal unless the deviation resulted in substantial prejudice that impacted the
outcome of the hearing.

New evidence not reasonably available at the time of the hearing, the absence of which can
be shown to have had a material and detrimental impact on the outcome.

However, if the sanction is expulsion, a student may appeal on any grounds directly to the
University President.

Appeal notices must be in writing and provided to the Dean of Students within five
academic calendar days of receiving notification of the determination.

The student’s written appeal must be dated, signed and clearly delineate the reasons for the
appeal and include pertinent information that will assist the Dean of Students in making a
determination.

Requests for an appeal shall, at minimum, outline the following:

If the appeal is based on procedural error: (a) citation of specific procedural errors, with
appropriate references; (b) reason(s) why the procedural error was not mentioned in the
original hearing; and (c) reason(s) why the error had a material and detrimental impact on
the outcome of the hearing.

If the appeal is based on new evidence not reasonably available at the time of the
proceeding: (a) description of the new evidence; (b) name(s) of anyone who could present
this evidence); and (c) reason(s) why the absence of this new evidence had a material and
detrimental impact on the outcome of the hearing.

In the case of an appeal involving the sanction of expulsion, the request should include as
much factual detail and information as necessary to allow the President to make an
informed decision regarding the appeal.

The Dean of Students (or President, if the sanction is expulsion) will determine whether
there are sufficient grounds to modify the original determination and/or sanctions and will
notify the student of the decision within five academic calendar days after receipt of the
student’s appeal notice.
If an appeal conference is needed to consider the matter further, the notice shall include the time and place at which the student is to be present.

The findings of the Judicial Affairs Board, Special Judicial Affairs Panel, or Dean of Students shall be afforded substantial deference upon review because those parties had the benefit of hearing all of the testimony and evidence presented, while also having the opportunity to evaluate the credibility of witnesses. The decision of the Dean of Students (or President, if the sanction is expulsion) is final.

**PART XIII. DISCRETIONARY REVIEW OF ALL PROCEEDINGS BY THE PRESIDENT**

The University President, on his or her own initiative, has the right to review any determinations or sanctions imposed to ensure that sanctions are not excessive and that they comport with the principles of fundamental fairness. Such review powers are exercised at the sole discretion of the President, and students may not petition the President for review of disciplinary sanctions under this provision, except as noted above in the case of expulsion.

**PART XIV. FAILURE TO COMPLY WITH DISCIPLINARY SANCTIONS**

Students who are found responsible for violations and notified of their disciplinary sanctions but fail to comply with them will be considered in violation of the Student Standards of Conduct (specifically with Failure to Comply) and are not entitled to a hearing on the charge that they have failed to comply with sanctions previously issued. An additional sanction will be applied by the Dean of Students without the benefit of a hearing.

**DISCIPLINARY SANCTIONS**

The intent behind disciplinary sanctions is to educate students about responsible behavior, maintain social order, and protect the rights of others. Sanctions may be imposed singularly or in combination for individuals or student organizations. Students are also advised that a disciplinary sanction imposed by the University does not preclude the possibility that a separate criminal or civil prosecution may follow, and that questionable conduct in the non-University community may be grounds for University disciplinary action as well.

Students placed on a disciplinary probation, deferred suspension from the University, or deferred suspension from the residence halls are expected to demonstrate a positive change in their behavior. During the sanction period, the student may be denied participation in intramural, intercollegiate, and club sports. Such students may not represent the University in any public function or performance, hold office in a student organization, or be eligible to join a fraternity, sorority, or social fellowship while they are completing one of the sanctions listed above.

As a rule, parents of dependent students are informed of the disciplinary decision when it results in a student being suspended from housing or the University. Generally, parents are also notified of a disciplinary decision stemming from alcohol and or drug charges.
Although all equitable circumstances will be considered, students found Responsible for violations should not expect leniency in application of the sanctions because of student classification, the time of the semester or term, or any other unrelated factor.

Students who have not completely fulfilled their disciplinary sanctions may be allowed to pre-register for classes, provided all other conditions have been met. However, their pre-registration will be canceled if they fail to comply with all of the sanctions by the end of the current semester. All sanctions imposed by the University are effective immediately and will not be postponed to accommodate exam, graduation, or other schedules.

**RESEARCH ASSIGNMENTS**

The student may be required to complete a research assignment on a topic related to the offense committed. The research assignment must be completed by the deadline specified and be thorough, comprehensive, typewritten, and scholarly. The completed project must also conform to other specifications given by the judicial officer or body. Failure to comply with these terms will result in additional sanctions or fines.

**PARTICIPATION IN SPECIAL WORKSHOPS**

Students may be required to assist in developing, coordinating and evaluating special workshops related to the nature of the offense they have committed. Students may also be required to participate in special workshops to enhance their own knowledge and understanding of a particular topic related to the offense committed. In such instances, students are required to be prompt, and attentive, plus present a well-written, typed summary of the activity to the judicial officer or body within 24 hours of the event. Failure to comply with this sanction will result in additional sanctions or fines.

**RESTITUTION**

Restitution is reimbursement for damage to or misappropriation of University or personal property. It may be in the form of money, service, or other compensation. Students who fail to make restitution as requested may be temporarily suspended from the University.

**PART XV. INDEFINITE SUSPENSION**

Indefinite suspension means that a specific date has not been recommended for the re-admission of the suspended student.

This sanction is generally only assessed in cases of extremely serious misconduct where the University desires that evidence of rehabilitation be presented by the student before he or she is re-admitted to the University.

Suspensions are recorded in the student’s permanent record.

Students suspended from the University are required to return their student identification card, room keys, and mobile device and may not return to the campus for the duration of their suspension, except to conduct official business with an administrative officer or faculty member, and then only with the prior permission of the Dean of Students. If a student returns to the campus without permission during the period of suspension, his or her eligibility to return to the University will be jeopardized, and additional sanctions may be imposed. The student may also be subject to criminal charges, including but not limited to, trespassing.
During the period of suspension the student is not eligible or entitled to receive any University services. His or her name is deleted from the roster of enrolled students and from the class rolls. The student will not receive credit for course assignments, papers, projects, make-up work, or other course-related work during the period of suspension; the student’s relationship with the University is terminated.

If a student is suspended from the University, a letter will be sent to his or her parents notifying them of the suspension. All suspensions are also recorded in the student’s permanent record.

**DISCIPLINARY WARNING OR REPRIMAND**

A disciplinary warning or reprimand is an official statement of censure warning the student of unacceptable conduct in an incident considered to be one of minor consequences. The official warning or reprimand is a written notification to the student that he or she has been found in possible violation of the Student Standards of Conduct and that any other violation for which the student is found responsible will result in more severe disciplinary action. In addition, the warning or reprimand will become a matter of record in the office of the Judicial Affairs Coordinator.

**PART XVI. EXPULSION**

Expulsion is the most severe sanction that can be imposed upon a student for violation of the Student Standards of Conduct. Expulsion is permanent dismissal from the University, and the student’s relationship with the University is permanently severed. The student is not only subject to the conditions and restrictions cited under disciplinary suspension, but is also not eligible to apply for re-admission to the University.

Students expelled from the University are required to return their student identification card, room keys, and mobile device and may not return to the campus. If an expelled student returns to campus without permission, the student may be subject to criminal charges, including but not limited to, trespassing. If a student is expelled from the University, a letter will be sent to his or her parents notifying them of the expulsion. Expulsions are recorded on the student’s permanent record.

**LOSS OF PRIVILEGES**

A student who receives this sanction shall be notified in writing as to the privileges he or she has lost. This written notification shall indicate the time period for which the student has lost these privileges or must abstain from making use of them.

**JUDICIAL FINES**

Fines may be assessed to the student found responsible of committing an infraction. The amount of the fine varies according to the severity of the offense. The student will be informed in writing of the date when the fine must be paid. Fines must be paid in the Business Office, and the student should provide a copy of the payment (receipt) to the Judicial Affairs Coordinator. If a student appeals the decision of a judicial panel or officer, the fine is not due until notification of the final decision. Deadlines for payment of fines will not be extended except under extraordinary circumstances as authorized by the Dean of Students.
HOUSING RELOCATION

If this sanction is assessed, the student will be required to move to another room or residence hall because of his or her lack of willingness to comply with the rules and regulations of his or her present residence hall community. This sanction will be made in instances where the hearing board or official feels the student would benefit from a change of environment in order to conform to acceptable group living standards.

DEFERRED SUSPENSION FROM RESIDENCE HALL

Deferred suspension from a residence hall include a period of observation and review. If the student is again found responsible for violating a University rule or regulation, particularly within a residence hall, or violating an order from a hearing officer or the appellate board, suspension from all University housing and/or restriction from entering any University residence shall take effect immediately.

LOSS OF HOUSING

A student may lose his or her privilege of residing in University housing. If this occurs, a letter will be sent to his or her parents notifying them of the sanction.

DISCIPLINARY PROBATION

Students placed on disciplinary probation are expected to demonstrate a positive change in their behavior. During the sanction period, the student shall be denied participation in intramural, intercollegiate, and club sports. Such students may not represent the University in any public function or performance, hold office in a student organization, or be eligible to join a fraternity, sorority or social fellowship during their probationary status. In addition, the sanction of probation will become a matter of record in the Office of the Judicial Affairs Coordinator. Students who have been placed on disciplinary probation twice in the same academic year may receive more severe sanctions.

DEFERRED SUSPENSION FROM THE UNIVERSITY

During this period of deferred suspension from the University, if the student engages in additional conduct that the Dean of Students determines is in violation of the Student Standards of Conduct, the University reserves the right to issue immediate sanctions, including but not limited to suspension or expulsion, without any further disciplinary hearing. This is particularly likely where the additional conduct involves an act of violence; the possession, sale, manufacture or delivery of illegal drugs or any other conduct that is egregiously offensive to the University’s mission.

SUSPENSION

A student who is found Responsible of a serious violation may be suspended from the University. Usually the designated period of suspension does not exceed one year. However, the period may be extended depending on the facts and circumstances. The sanction of suspension is generally used in cases of serious misconduct or when the student has violated a condition of his or her probation. Students suspended from the University are required to return their student identification card, room keys, and mobile device and may not return to the campus for the duration of their suspension, except to conduct official business with an administrative officer or faculty member, and then only with the prior
permission of the Dean of Students. If a student returns to the campus without permission during the period of suspension, his or her eligibility to return to University will be jeopardized, and additional sanctions may be imposed by the University. The student may also be subject to criminal charges, including, but not limited to, trespassing. During the period of suspension the student is not eligible or entitled to receive any University services. His or her name is deleted from the roster of enrolled students and class rolls. The student will not receive credit for course assignments, papers, projects, make-up work, or other course-related work during the period of suspension; the student’s relationship with the University is terminated.

Effective Fall 2015: Any student who has been judicially suspended from the university after the last day to withdraw from the university, will received a grade of I for Incomplete in each course. The Incomplete may be removed upon completion of the incomplete work.

Incomplete work must be made up within the first six weeks of the following semester in which the student enrolls for courses at JCSU. Students enrolled in the Adult Degree Program course must make up incomplete work within the first three weeks of the following term in which the student enrolls for courses at JCSU. Any student who does not remove the incomplete grade I by the end of the allowed time period shall receive the alternate grade as provided by the instructor.

If a student is suspended from the University, a letter will be sent to his or her parents notifying them of the suspension. All suspensions are recorded on the student’s permanent record.

**TEMPORARY SUSPENSION**

Students who are temporarily suspended from the University may not return to the campus for any reason, except with the permission of the Dean of Students. If a student returns to campus without permission during the period of temporary suspension, his or her eligibility to return to University will be jeopardized, and additional sanctions may be imposed by the University. The student may also be subject to criminal charges, including but not limited to, trespassing.

**INDEFINITE SUSPENSION**

Indefinite Suspension means that a specific date has not been recommended for the re-admission of the suspended student. This sanction is generally only assessed in cases of extremely serious misconduct where the University desires that evidence of rehabilitation be presented by the student before he or she is re-admitted to the University. Suspensions are recorded in the student’s permanent record. Students suspended from the University are required to return their student identification card, room keys, and mobile device and may not return to the campus for the duration of their suspension, except to conduct official business with an administrative officer or faculty member, and then only with the prior permission of the Dean of Students. If a student returns to the campus without permission during the period of suspension, his or her eligibility to return to University will be jeopardized, and additional sanctions may be imposed by the University. The student may also be subject to criminal charges, including but not limited to, trespassing. During the period of suspension the student is not eligible or entitled to receive any University services. His or her name is deleted from the roster of enrolled students and from the class rolls. The student will not receive credit for course assignments, papers, projects, make-
up work, or other course-related work during the period of suspension; the student’s relationship with the University is terminated.

If a student is suspended from the University, a letter will be sent to his or her parents notifying them of the suspension. All suspensions are recorded on the student’s permanent record.
